Traitor S Blood Civil War Chronicles I:

Traitor's Blood Michael Arnold, 2010 Traitor's Blood the first in The Civil War Chronicles Michael Arnold's acclaimed series of historical thrillers sees battle scarred hero Captain Stryker the Sharpe of the Civil War confront his nemesis Stands in comparison with the best of Cornwell Yorkshire Post Once seen in the heat of battle Captain Stryker is never forgotten A hardened veteran of the wars in the Low Countries he has come home to England to seek revenge on the man who left him for dead and scarred him for life Stryker is driven by loyalty rather than conviction to serve King Charles's cause He has no truck with aristocracy preferring the company of a handful of trusted men including sometime actor Lancelot Forrester and his foul mouthed sergeant Skellen But when the existence of a dangerous spy at the heart of the Royalist establishment is discovered it is Stryker whom Prince Rupert chooses to capture the man before he realises the game is up Lightly armed and with only a handful of men Stryker must journey across a country riven by bitterness and beset by marauding bands of soldiers in a race against time But unbeknown to Stryker someone else is also closing in on his quarry someone whom Stryker has sworn to kill Captain Eli Makepeace his nemesis the man who nearly destroyed him **Tales of the Wars, Or, Naval and Military Chronicle** R. J. Stapleton, 1838 The Rebellion Record Frank Moore, 1861 **The Monthly chronicle; a national journal**, 1839 The First Chronicle of Aescendune. A Tale of the Days of Saint Dunstan Augustine David Crake, 1874 Chronicles of the Builders of the Commonwealth Hubert Howe Bancroft, 1891 Biographies of businessmen miners ranchers industrialists explorers railroad men shippers lumber men etc with descriptions of their enterprises It is a history of the development of the West **2017. Chronicles of Secession** F.J. Fojo, 2013-07-31 These chronicles gather the most important events that took place during the stormy winter of 2016 and 2017 along with the actions and destinies of some of the most relevant characters that participated in them They all move in the setting of a shift of government in Washington and a world where the most diverse and controversial interests stir political fiction with the hints of possibility Real and imaginary characters take part to give life to the plot that cannot cease from being feasible just for being novelistic Let us remember that the United States had in its territory and amongst brothers one of the bloodiest civil wars in the history of humanity It served among other things to eliminate slavery and increase the power of the industrial north It was a war that ended with the crushing and humiliating defeat of the Confederacy but not with the latent and ever present desire for secession Politics intrigue money betrayal diplomacy violence cowardice bonds of friendship hate pride weapons egos and racism The ingredients of today's world and also surely of the futures **The English Execution Narrative, 1200-1700** Katherine Royer, 2015-10-06 Royer examines the changing ritual of execution across five centuries and discovers a shift both in practice and in the message that was sent to the population at large She argues that what began as a show of retribution and revenge became a ceremonial portrayal of redemption as the political religious and cultural landscape of England evolved **The Monthly Chronicle**, 1839 The Chronicles of Enguerrand de Monstrelet

Enguerrand de Monstrelet, 1849 Interweaving myths in Shakespeare and his contemporaries Janice Valls-Russell, Agnès Lafont, Charlotte Coffin, 2017-10-06 This volume proposes new insights into the uses of classical mythology by Shakespeare and his contemporaries focusing on interweaving processes in early modern appropriations of myth Its 11 essays show how early modern writing intertwines diverse myths and plays with variant versions of individual myths that derive from multiple classical sources as well as medieval Tudor and early modern retellings and translations Works discussed include poems and plays by William Shakespeare Christopher Marlowe and others Essays concentrate on specific plays including *The Merchant of Venice* and *Dido Queen of Carthage* tracing interactions between myths chronicles the Bible and contemporary genres Mythological figures are considered to demonstrate how the weaving together of sources deconstructs gendered representations New meanings emerge from these readings which open up methodological perspectives on multi textuality artistic appropriation and cultural hybridity British Asian Fiction Neil Murphy, Wai-chew Sim, 2008 In this outstanding collection of essays editors Neil Murphy and Wai chew Sim seek not so much to demarcate the field of British Asian fiction but to offer due acknowledgment of the artistic merit of the works of selected authors and simultaneously register their cultural significance This volume demonstrates in situ the virtues of commentary that engages in a substantial manner with formal and aesthetic considerations even as it implicates the discourses of alterity that dominate contemporary cultural criticism Additionally the essays delineate the complex subject positions explored by authors and texts and focus on the way writers negotiate the exigencies of their location within and between different social formations If it is the case that British literature can no longer be discussed in monocultural terms because of the impact of the writers under consideration it is also the case that the diverse trans cultural positions they explore are often less specified than proclaimed Addressing difference commensurability and form related notions of truth content these essays enlarge our understanding of the range of British and affiliated identities as well as the cultural contexts from which they arose Working as academics and critics from Singapore a useful vantage point Murphy and Sim have extended the parameters of British Asian to include not just writers from South Asia as is traditionally the case but writers whose parents or who themselves have migrated to Britain from other regions of Asia for example Japan Hong Kong and Malaysia This initiative has made it possible for professors Murphy and Sim to bring together first an interestingly varied group of authors among them those who came to prominence in the 1980s Salman Rushdie Timothy Mo Kazuo Ishiguro as well as their younger contemporaries Meera Syal Romesh Gunasekera Monica Ali Hari Kunzru Ooi Yang May and second a broad and diverse range of novels that span Timothy Mo's *Sour Sweet* 1982 and Tariq Ali's *A Sultan in Palermo* 2005 the fourth volume in his *Islam quintet* **The Business Chronicle of the Pacific Northwest**, 1919 *The London Quarterly Review*, 1810 **The Quarterly Review (London)**, 1810 **Quarterly Review**, 1810 **The Road to Armageddon** Cecil D. Eby, 1987 The Lost Generation has held the imagination of those who succeeded them partly because the idea that modern war could be romantic generous and noble

died with the casualties of that war From this remove it seems almost perverse that Britons Germans and Frenchmen of every social class eagerly rushed to the fields of Flanders and to misery and death In *The Road to Armageddon* Cecil Eby shows how the widely admired writers of English popular fiction and poetry contributed at least in England to a romantic militarism coupled with xenophobia that helped create the climate that made World War I seem almost inevitable Between the close of the Franco Prussian War of 1871 and the opening guns of 1914 the works of such widely read and admired writers as H G Wells Rudyard Kipling J M Barrie and Rupert Brooke as well as a host of now almost forgotten contemporaries bombarded their avid readers with strident warnings of imminent invasions and prophecies of the collapse of civilization under barbarian onslaught and internal moral collapse Eby seems these narratives as growing from and in turn fueling a collective neurosis in which dread of coming war coexisted with an almost loving infatuation with it The author presents a vivid panorama of a militant milieu in which warfare on a scale hitherto unimaginable was largely coaxed into being by works of literary imagination The role of covert propaganda concealed in seemingly harmless literary texts is memorably illustrated
