**Traitor's Blade** Sebastien de Castell,2014-07-22 With swashbuckling action that recalls Dumas s Three Musketeers Sebastien de Castell has created a dynamic new fantasy series In Traitor s Blade a disgraced swordsman struggles to redeem himself by protecting a young girl caught in the web of a royal conspiracy The King is dead the Greatcoats have been disbanded and Falcio Val Mond and his fellow magistrates Kest and Brasti have been reduced to working as bodyguards for a nobleman who refuses to pay them Things could be worse of course Their employer could be lying dead on the floor while they are forced to watch the killer plant evidence framing them for the murder Oh wait that s exactly what s happening Now a royal conspiracy is about to unfold in the most corrupt city in the world A carefully orchestrated series of murders that began with the overthrow of an idealistic young king will end with the death of an orphaned girl and the ruin of everything that Falcio Kest and Brasti have fought for But if the trio want to foil the conspiracy save the girl and reunite the Greatcoats they ll have to do it with nothing but the tattered coats on their backs and the swords in their hands because these days every noble is a tyrant every knight is a thug and the only thing you can really trust is a traitor s blade Traitor's Blade

Interview with the Author Q: So what makes the *Golden Threads Trilogy* special? A: A handful of readers noticed the science fiction elements very early and speculated that my fantasy elements were stealthy science fiction. I did my job if you have to consider it that possible for science. I made this complete series a solid mix of genres. Starting with fantasy and slowly adding in hidden science fiction elements. By the mid-point of the series, the readers enjoy a clear view of both sides of the battle. In this war of wizards and warriors, there are equal elements of fantasy, sword, sorcery, and science fiction action adventure. This world has the expected mythical creatures like elves, dragons, orcs, and ninjas, but with unique

twists you will enjoy I won't spoil the story for you I designed this complete series to keep building and compelling you to turn the page I've made sure there's never a dull moment Q Are these books safe for teens and tweens A Absolutely there is no explicit details or bad words Adult subjects are there but dealt with in a tween safe way I made this complete series a fast fun ride for adults and teens to live with wizards and warriors Each of the books has hit the top ten bestsellers list on Kindle for Fantasy and Science Fiction which isn't easy Q What order should I read the books in A Good question I do not mean these books to be read out of order I'd recommend the following sequence Thread Slivers Thread Strands Thread Skein Q So why should readers give these books a try A Because the Golden Threads Trilogy is a fast fun ride that takes you to a wondrous world of wizards and warriors Each of the books has hit the top ten bestsellers list on Kindle for Fantasy and Science Fiction which isn't easy Readers who enjoy epic fantasies with fast paced fighting mysteries and twisty plots will get a thrill out of this complete series And thanks for reading Leeland Artra's Fantasy and Science Fiction Series eBook
