1. Which one of the following is **not** a function of the **central bank**?
 2. Which one of the following is **not** a function of the **central bank**?
 3. Which one of the following is **not** a function of the **central bank**?

1000

1. **Identify the main topic**
 2. **Identify the main purpose**
 3. **Identify the main audience**

1. **What is the purpose of the study?**
The purpose of the study is to investigate the effect of a new teaching method on student learning outcomes in a mathematics course.

2. **What are the research questions?**
The research questions are:
a) What is the effect of the new teaching method on student learning outcomes?
b) Are there any differences in learning outcomes between students who used the new method and those who used the traditional method?

3. **What is the significance of the study?**
The study is significant because it aims to evaluate the effectiveness of a new teaching method, which could potentially improve student learning outcomes in mathematics.

4. **What are the limitations of the study?**
The limitations of the study are:
a) The study is limited to a single mathematics course.
b) The study is limited to a single semester.
c) The study is limited to a single institution.
