

Look inside the air cleaner that's revolutionizing the air inside your home

Cleaner air feels better. In your lungs, on your skin, all around you. A Trane CleanEffects™ uses patented, industry-leading technology to remove up to 99.98% of particles down to .1 micron from the air it filters, more than any other air filtration system on the market. So your air feels better than you've ever imagined.

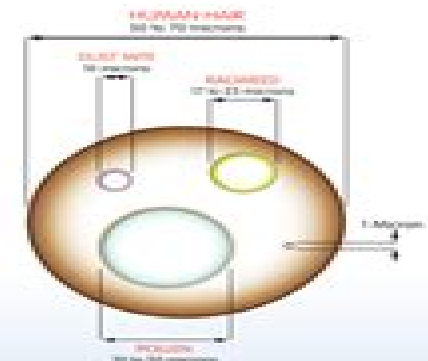

Most common allergens are no match for the .1 micron filtration of CleanEffects.

.1 micron can be huge.

CleanEffects™ filtration can bring welcome relief to anyone with respiratory difficulties. Many common allergens are small enough to bypass the body's natural defenses and embed deep in the lungs, aggravating breathing ailments. Since CleanEffects

filters down to .1 micron, or 100 times smaller than a human hair, it is extremely effective at removing spores, mold, pollen, pet dander, dirt and dust, preventing them from entering your air, and your lungs.
