Tractor Trailer Owner Operator Jobs:

After the Pandemic Randy Whitaker, 2022-10-10 Many things define a job seeker experience education first impressions connections passion and the value you might bring to the company you wish to work for For decades the perceived ideal candidate would have all of the above most of the above however a good candidate would have a four year college degree To a great extent an employer still would like someone with a four year college degree However I believe this is changing The need for those who work with their hands and those who are willing to work their way up through the various levels of an organization is becoming more and more desired by companies The time it will take you to earn your degree you could be making a nice living and will have accrued zero debt in the process Plus after working in an industry of your choice something you do have an interest in even a passion for you may be on equal footing with a newly hired college grad based on the four years you have been working in your industry of choice as you continue to work your way up through the company You will find the more value you bring to a company the more they will look to you to assume great responsibility Typically the more responsibility the greater the paycheck What makes this book timely is the fact as COVID 19 winds down we are seeing many labor shortages in many areas and industries Now is the absolute best time to go to an industry experiencing a labor shortage or enter one of the numerous industries researched in this book and get yourself the job you always wanted without the cost and time involved with getting a four year college education I have nothing against getting a degree and there are still many fields where they will always be mandatory however the trades service industries government railroads law enforcement plus many others will welcome you with open arms without the need for a four year degree I hope this book helps

Regulatory Problems of the Independent Owner-operator in the Nation's Trucking Industry United States. Congress. House. Committee on Small Business. Subcommittee on Activities

of Regulatory Agencies,1976 **Trucking Country** Shane Hamilton,2008-09-15 Trucking Country is a social history of long haul trucking that explores the contentious politics of free market capitalism in post World War II America Shane Hamilton paints an eye opening portrait of the rural highways of the American heartland and in doing so explains why working class populist voters are drawn to conservative politicians who seemingly don t represent their financial interests Hamilton challenges the popular notion of red state conservatism as a devil s bargain between culturally conservative rural workers and economically conservative demagogues in the Republican Party The roots of rural conservatism Hamilton demonstrates took hold long before the culture wars and free market fanaticism of the 1990s As Hamilton shows truckers helped build an economic order that brought low priced consumer goods to a greater number of Americans They piloted the big rigs that linked America s factory farms and agribusiness food processors to suburban supermarkets across the country Trucking Country is the gripping account of truckers whose support of post New Deal free enterprise was so virulent that it sparked violent highway blockades in the 1970s It s the story of bandit drivers who inspired country songwriters and Hollywood filmmakers to celebrate the last American cowboy and of ordinary blue collar workers who helped make possible the deregulatory policies of Jimmy Carter and Ronald Reagan and set the stage for Wal Mart to become America s most powerful corporation in today s low price low wage economy Some images inside the book are unavailable due to digital copyright restrictions **Tractor-Trailer-Truck Driver** Susan Clinton,1998 Outlines the educational requirements duties salary employment outlook and possible future positions of tractor trailer truck drivers **Transportation Corps Professional Bulletin** ,1992 *How To Become a Truck Driver* HowExpert,Bruce Stimson,2016-09-23 Let s talk about the money most truck drivers can expect to earn 30 000 40 000 in their 1st year I know some drivers who work as Solo drivers and decide to give up their apartments so they can stay in the truck all year long and save money They still take days off from time to time and stay with friends family or rent a hotel for a few days so they can take a break Once you have 6 months experience you may be able to find a job that pays more money I ve seen motivated drivers earning in the 60 000 range in their 1st year The money is there to earn if you look for it Too many drivers get complacent and they stay with the same company in the same position making low wages for years and years Sometimes all you need to do to increase your income is switch positions within the company If the company you work for doesn t offer anything that will take you to the next level then find another company that will I know a Walmart driver who earns 100 000 year and he s home every night and weekend Companies pay you in cents per mile CPM so the more mileage you drive the more you earn The bottom line is company drivers can make anywhere from 30 000 to around 100 000 per year Stay away from company lease options 99% of the time only the company does well with this type of position They will make their lease program sound perfect touting how you will be your own boss and make lots of money Drivers often find themselves making just enough to cover the WEEKLY truck lease payment If you want to truly be your own boss as a owner operator of your own truck then save up the money to buy a used truck cash or

you may be able to find a 3rd party not company sponsored lease program I have seen a couple of decent 3rd party lease programs these will allow you to contract with any company you want So if you re not making enough money with one company then you can easily switch to another Owner operators can make anywhere from 50 000 250 000 per year About the Expert I have been driving a truck full time for over 4 years at the time of this publishing I have been a company driver for 3 of those years and an owner operator for a bit over one In the 4 years that I ve been driving I have spent one year driving most of the lower 48 states I haven t made it up to North Carolina and a few other states in the northeast but all of the others I have For the last two years I have been truck driving with my team from Los Angeles to the Kansas City area and back We did that twice a week After doing that for about a year I was able to get a driving position working nights and being home every day I did that for almost year I left there because the company did a pathetic job of maintaining their equipment I was afraid of getting stopped by law enforcement So I left them and got my own truck to take care of Now I am contracted with a carrier to move their freight and it works out a lot better HowExpert publishes quick how to guides on all topics from A to Z by everyday experts
