Priceless John C. Goodman, 2024-09-24 In this long awaited updated edition of his groundbreaking work *Priceless Curing the Healthcare Crisis* renowned healthcare economist John Goodman father of Health Savings Accounts analyzes America's ongoing healthcare fiasco including for this edition the failed promises of Obamacare Goodman then provides what many critics of our healthcare system neglect solutions And not a moment too soon Americans are entangled in a system with perverse incentives that raise costs reduce quality and make care less accessible It's not just patients that need liberation from this labyrinth of confusion it's doctors businessmen and institutions as well Read this new work and discover why no one sees a real price for anything no patient no doctor no employer no employee how Obamacare's perverse incentives cause insurance companies to seek to attract the healthy and avoid the sick why having a preexisting condition is actually WORSE under Obamacare than it was before despite rosy political promises to the contrary why emergency room traffic and long waits for care have actually increased under Obamacare how Medicaid expansion spends new money insuring healthy single adults while doing nothing for the developmentally disabled who languish on waiting lists and children who aren't getting the pediatric care they need how the market for medical care COULD be as efficient and consumer friendly as the market for cell phone repair and what it would take to make that happen how to create centers of medical excellence which compete to meet the needs of the chronically ill and much much more Thoroughly researched clearly written and decidedly humane in its concern for the health of all Americans John Goodman has written the healthcare book to read to understand today's healthcare crisis His proposed solutions are bold crucial and most importantly caring Healthcare is complex But this book isn't It's clear it's satisfying and it's refreshingly human If you read even one book about healthcare policy in America this is the one to read New York Magazine, 1984-04-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *I-Bytes Insurance Industry* V Gupta, 2019-11-06 This document brings together a set of latest data points and publicly available information relevant for Insurance We are very excited to share this content and believe that readers will benefit immensely from this periodic publication immensely *A World of Work* Ilana M. Gershon, 2015-11-25 Ever wondered what it would be like to be a street magician in Paris A fish farmer in Norway A costume designer in Bollywood This playful and accessible look at different types of work around the world delivers a wealth of information and advice about a wide array of jobs and professions The value of this book is twofold For young people or middle aged people who are undecided about their career paths and feel constrained in their choices *A World of Work* offers an expansive vision For ethnographers this book offers an excellent example of using the practical details of everyday life to

shed light on larger structural issues Each chapter in this collection of ethnographic fiction could be considered a job manual Yet not any typical job manual to do justice to the ways details about jobs are conveyed in culturally specific ways the authors adopt a range of voices and perspectives One chapter is written as though it was a letter from an older sister counseling her brother on how to be a doctor in Malawi Another is framed as a eulogy for a well loved village magistrate in Papua New Guinea who may have been killed by sorcery Beneath the novelty of the examples are some serious messages that Ilana Gershon highlights in her introduction These ethnographies reveal the connection between work and culture the impact of societal values on the conditions of employment Readers will be surprised at how much they can learn about an entire culture by being given the chance to understand just one occupation **Our Journey to Sustainability** Jon R.

Biemer,2024-08-20 Explores the motivations successes and visions of individuals working tirelessly to heal our planet through 150 personal stories Everyday countless individuals are hard at work seeking solutions to environmental problems and creating new ways to live sustainably It takes the combined effort of many to secure a healthy future from electric vehicle owners to animal lovers journalists to artists scientists to indigenous communities and cities But what is it that motivates people to act on behalf of the planet That is the question at the heart of Our Journey to Sustainability How Everyday Heroes Make a Difference Compiling 150 stories from personal interviews research and his own experiences Jon R Biemer explores the varied motivations that inspire environmental action and presents over twenty five sustainable wisdom tips that readers can implement in their own lives suggesting real world ways to make a difference Readers will visit cities and towns across the country indigenous reservations and wildlife preserves They will be introduced to the heroes in the trenches who are creating a healthier environment on scales both small and large while learning how actions can add up to great results Biemer profiles a mix of modest and impressive efforts by youth advocates professionals in the prime of their career and post retirees Some folks are just doing a day s work while some are fighting for environmental justice Our Journey to Sustainability shows what it really takes to recycle repair cell phones recover a brownfield and halt a freeway and highlights the real life dreams of entrepreneurs who are revolutionizing geothermal energy the clothing industry the way boats are built and much more Eco heroes are everywhere and their initiatives are the substance of realistic hope for our planet *The Global Smartphone* Daniel Miller ,Laila Abed Rabho ,Patrick Awondo , Maya de Vries,Marília Duque,Pauline

Garvey, Laura Haapio-Kirk,Charlotte Hawkins,Alfonso Otaegui ,Shireen Walton,Xinyuan Wang,2021-05-06 The smartphone is often literally right in front of our nose so you would think we would know what it is But do we To find out 11 anthropologists each spent 16 months living in communities in Africa Asia Europe and South America focusing on the take up of smartphones by older people Their research reveals that smartphones are technology for everyone not just for the young The Global Smartphone presents a series of original perspectives deriving from this global and comparative research project Smartphones have become as much a place within which we live as a device we use to provide perpetual opportunism as they

are always with us The authors show how the smartphone is more than an app device and explore differences between what people say about smartphones and how they use them The smartphone is unprecedented in the degree to which we can transform it As a result it quickly assimilates personal values In order to comprehend it we must take into consideration a range of national and cultural nuances such as visual communication in China and Japan mobile money in Cameroon and Uganda and access to health information in Chile and Ireland all alongside diverse trajectories of ageing in Al Quds Brazil and Italy Only then can we know what a smartphone is and understand its consequences for people s lives around the world

works for most of the world's people Gordon Mathews's intimate portrayal of the building's polyethnic residents lays bare their intricate connections to the international circulation of goods money and ideas We come to understand the day to day realities of globalization through the stories of entrepreneurs from Africa carting cell phones in their luggage to sell back home and temporary workers from South Asia struggling to earn money to bring to their families And we see that this so called ghetto which inspires fear in many of Hong Kong's other residents despite its low crime rate is not a place of darkness and desperation but a beacon of hope Gordon Mathews's compendium of riveting stories enthralls and instructs in equal measure making Ghetto at the Center of the World not just a fascinating tour of a singular place but also a peek into the future of life on our shrinking planet **The Reform Advocate** ,1921 **Everyday Life in Global Morocco** Rachel Newcomb,2017-10-09 Following the story of one middle class family as they work eat love and grow Everyday Life in Global Morocco provides a moving and engaging exploration of how world issues impact lives Rachel Newcomb shows how larger issues like gentrification changing diets and nontraditional approaches to marriage and fertility are changing what the everyday looks and feels like in Morocco Newcomb's close engagement with the Benjelloun family presents a broad range of responses to the multifaceted effects of globalization The lived experience of the modern family is placed in contrast with the traditional expectation of how this family should operate This juxtaposition encourages new ways of thinking about how modern the notion of globalization really is *New York Magazine* ,1984-04-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **VenCo** Cherie Dimaline,2024-05-28 NATIONAL BESTSELLER VenCo is funny tense and cracking with a dark divine energy Louise Erdrich New York Times bestselling author of The Sentence An absolute thrill ride of a book a page turner of the highest order Toronto Star From the bestselling author of Empire of Wild a wickedly subversive deliciously imaginative deeply feminist novel of contemporary witches on the rise a book that only the supremely gifted storyteller Cherie Dimaline could write Lucky St James orphaned daughter of a bad ass M tis good times girl is barely hanging on to her nowhere life when she finds out that she and her grandmother Stella are about to be evicted from their apartment One night dejectedly doing laundry in the building's dank basement Lucky feels an irresistible something calling her Crawling through a hidden hole in the wall she finds a tarnished silver spoon depicting a storybook hag over letters that spell out S A L E M a spoon whose otherworldly energy soon connects her to a teeming network of witches who have been anxiously waiting for her Chief among them is Salem born Meena Good finder of a matching spoon Under the wing of the international headhunting firm VenCo devoted to placing exceptional women in influential jobs Meena has been collecting these spoons and the witches who found them in order to form a magic circle

that will restore women to their rightful power But now with only one more spoon to find a roguish and deadly witch hunter has Meena s coven in his sights As the clock ticks toward a now or never deadline Meena sends Lucky and her grandmother on a dangerous sometimes hilarious road trip in search of the seventh spoon It ends in the darkly magical city of New Orleans and a final confrontation that will either usher in a new beginning or force witches to remain underground forever

An In-Depth Guide to Mobile Device Forensics Chuck Easttom,2021-10-21 Mobile devices are ubiquitous therefore mobile device forensics is absolutely critical Whether for civil or criminal investigations being able to extract evidence from a mobile device is essential This book covers the technical details of mobile devices and transmissions as well as forensic methods for extracting evidence There are books on specific issues like Android forensics or iOS forensics but there is not currently a book that covers all the topics covered in this book Furthermore it is such a critical skill that mobile device forensics is the most common topic the Author is asked to teach to law enforcement This is a niche that is not being adequately filled with current titles An In Depth Guide to Mobile Device Forensics is aimed towards undergraduates and graduate students studying cybersecurity or digital forensics It covers both technical and legal issues and includes exercises tests quizzes case studies and slides to aid comprehension *Made in Ohio* Conrade C.
