Messages from thought leaders inside and outside the field of education. *Trailblazers for Whole School Sustainability* Jennifer Seydel, Cynthia L. Merse, Lisa A. W. Kensler, David Sobel, 2021-12-29 What does it take to prepare students, teachers, and school staff to shape a just and sustainable future? In *Trailblazers for Whole School Sustainability*, you will meet educators and school leaders who are on the front lines of reimagining school through the lens of sustainability. This book features inspiring stories from around the country from urban and rural schools and districts that highlight best practices and lessons learned from teachers, administrators, and students as they transformed their school communities for a just and sustainable future. These stories are structured around a practical framework that demonstrates how this work allows schools and districts to work smarter, not harder, by integrating sustainability and systems thinking into leadership, curriculum, and instruction, culture, and climate, and facilities and operations. While each school and district's story in this book is different, the passion that drives each one to embrace sustainability in everything they do, from operations to curriculum, remains the same. *Trailblazers for Whole School Sustainability* shows what is possible when educators resolve to blaze a trail to reimagine K-12 education for a just and sustainable future. **Excited to Learn** Margery B.
