Roselle Lim's magical debut novel is about food heritage and finding family in the most unexpected places. At the news of her mother's death, Natalie Tan returns home. The two women hadn't spoken since Natalie left in anger seven years ago when her mother refused to support her chosen career as a chef. Natalie is shocked to discover the vibrant neighborhood of San Francisco's Chinatown that she remembers from her childhood is fading with businesses failing and families moving out. She's even more surprised to learn she has inherited her grandmother's restaurant. The neighborhood seer reads the restaurant's fortune in the leaves Natalie must cook three recipes from her grandmother's cookbook to aid her struggling neighbors before the restaurant will succeed. Unfortunately, Natalie has no desire to help them try to turn things around; she resents the local shopkeepers for leaving her alone to take care of her agoraphobic mother when she was growing up. But with the support of a surprising new friend and a budding romance, Natalie starts to realize that maybe her neighbors really have been there for her all along.

Eat & Beat Diabetes with Picture Perfect Weight Loss Howard M. Shapiro, Franklin Becker, 2010-05-01 Beat diabetes and lose weight. Ask any doctor or nutritionist who treats patients with diabetes: the first focus for controlling the disease is a healthy eating plan. But typical diabetic eating plans have been all about what you can't eat and what to do if you fall prey to a craving for foods you shouldn't have. But now a typical day in the life of a diabetic might start with a smoked salmon and dill omelet, continue to a lunch of three bean chili, salsa, and guacamole, and finish with a dinner of grilled shrimp and shaved fennel topped off by a dessert of chocolate terrine. It's a kind of eating that virtually guarantees not just control of the disease and a satisfying of the appetite, but an emphasis on specific nutrients that actually target diabetes, beating back its potential side effects and maintaining the healthy weight that is key to

controlling the disease In *Eat Beat Diabetes with Picture Perfect Weight Loss* Dr Howard Shapiro uses the same visual method of food comparisons that made his bestselling weight loss books so popular and easy to use Now he has teamed with top chef Franklin Becker a diabetic himself and together they reveal the secrets to a diet that can actually help you prevent and beat diabetes without depriving yourself of delicious food
