Always On Rory Cellan-Jones, 2021-05-13 Delightfully insightful and intensely readable There is an energy and drama to Rory's writing which nonetheless leaves space for us the reader to make up our minds Stephen Fry The inside story of how tech became personal and pernicious from the BBC's technology correspondent We live at a time when billions have access to unbelievably powerful technology The most extraordinary tool that has been invented in the last century the smartphone is forcing radical changes in the way we live and work and unlike previous technologies it is in the hands of just about everyone Coupled with the rise of social media this has ushered in a new era of deeply personal technology where individuals now have the ability to

work create and communicate on their own terms rather than wait for permission from giant corporations or governments At least that is the optimistic view This book takes readers on an entertaining ride through this turbulent era as related by an author with a ringside seat to the key moments of the technology revolution We remember the excitement and wonder that came with the arrival of Apple s iPhone with all the promise it offered We see tech empires rise and fall as these devices send shockwaves through every industry and leave the corporate titans of the analogue era floundering in their wake We see that early utopianism about the potential of the mobile social revolution to transform society for the better fade as criminals bullies and predators poison the well of social media And we hear from those at the forefront of the tech revolution including Stephen Hawking Elon Musk Tim Berners Lee Martha Lane Fox and Jimmy Wales to gain their unique insights and predictions for what may be to come Always On immerses the reader in the most important story of our times the dramatic impact of hyperconnectivity the smartphone and social media on everything from our democracy to our employment and our health The final section of the book draws on the author s own personal experience with technology and medicine considering how COVID 19 made us look again to computing in our battle to confront the greatest challenge of modern times

Navigating Leadership Paradox Rikke Kristine Nielsen,Frans Bévort,Thomas Duus Henriksen,Anne-Mette Hjalager,Danielle Bjerre Lyndgaard,2023-07-24 One of the most significant management challenges in modern companies and organizations is dealing with unavoidable complex paradoxes Today s world is multidimensional multipolar and multipurpose and increasingly classic management challenges such as leadership vs management exploitation vs exploration virtual vs physical presence economic sustainability vs environmental sustainability localization vs globalization etc assume the characteristics of paradoxes rather than problems or dilemmas Leadership of paradox is not about making a decision once and for all or prioritizing tough trade offs but about navigating between opposing considerations Navigating Leadership Paradox argues that academic knowledge pools can support leaders decision making and sense making in organizations and navigating paradoxes The book outlines a practical pathway for management leaders and professionals for steering through paradox using 5 phases 10 paradoxes 15 tools 20 cases and 25 learning points It delineates how to identify a paradox by assessing the nature of your challenge and discusses the appropriate courses of action individually as well in collaboration with other stakeholders It also gives inspiration and advice for professional helpers assisting others in navigating paradox as part of organizational development or other educational purposes This book will be essential reading for practitioners and academicians in the fields of leadership paradox complexity management change management leadership dilemmas and organizational paradox **Affective Politics of Digital Media** Megan Boler,Elizabeth Davis,2020-09-02 This interdisciplinary international collection examines how sophisticated digital practices and technologies exploit and capitalize on emotions with particular focus on how social media are used to exacerbate social conflicts surrounding racism misogyny and nationalism Radically expanding the study of media and political communications this book bridges humanities and social

sciences to explore affective information economies and how emotions are being weaponized within mediatized political landscapes The chapters cover a wide range of topics how clickbait fake news and right wing actors deploy and weaponize emotion new theoretical directions for understanding affect algorithms and public spheres and how the wedding of big data and behavioral science enables new frontiers of propaganda as seen in the Cambridge Analytica and Facebook scandal The collection includes original interviews with luminary media scholars and journalists The book features contributions from established and emerging scholars of communications media studies affect theory journalism policy studies gender studies and critical race studies to address questions of concern to scholars journalists and students in these fields and beyond
