Gluttony : The Seven Deadly Sins Francine Prose,2003-09-11 In *America* notes acclaimed novelist Francine Prose we are obsessed with food and diet And what is this obsession with food except a struggle between sin and virtue overeating and self control a struggle with the fierce temptations of gluttony In *Gluttony* Francine Prose serves up a marvelous banquet of witty and engaging observations on this most delicious of deadly sins She traces how our notions of gluttony have evolved along with our ideas about salvation and damnation health and illness life and death Offering a lively smorgasbord that ranges from Augustine s *Confessions* and Chaucer s *Pardoner s Tale* to Petronius s *Satyricon* and Dante s *Inferno* she shows that gluttony was in medieval times a deeply spiritual matter but today we have transformed gluttony from a sin into an illness it is the horrors of cholesterol and the perils of red meat that we

demonize Indeed the modern take on gluttony is that we overeat out of compulsion self destructiveness or to avoid intimacy and social contact But gluttony Prose reminds us is also an affirmation of pleasure and of passion She ends the book with a discussion of M F K Fisher s idiosyncratic defense of one of the great heroes of gluttony Diamond Jim Brady whose stomach was six times normal size The broad shiny face of the glutton Prose writes has been and continues to be the mirror in which we see ourselves our hopes and fears our darkest dreams and deepest desires Never have we delved more deeply into this mirror than in this insightful and stimulating book
