

SAYING "HI" TO OTHERS

When we see others in the hall, we say "hi" to them. When other people say "hi" to us, we say "hi" back to them. This shows we are interested in them. We can smile, wave, or ask a question like "How was your weekend?" People like it and want to be our friend when we say "Hi."

The Social Life of Stories Julie Cruikshank, 2000-08-01 In this theoretically sophisticated study of indigenous oral narratives Julie Cruikshank moves beyond the text to explore the social significance of storytelling Circumpolar Native peoples today experience strikingly different and often competing systems of narrative and knowledge These systems include traditional oral stories the authoritative literate voice of the modern state and the narrative forms used by academic disciplines to represent them to outsiders Pressured by other systems of narrative and truth how do Native peoples use their stories and find them still meaningful in the late twentieth century Why does storytelling continue to thrive What can anthropologists learn from the structure and performance of indigenous narratives to become better academic storytellers themselves Cruikshank addresses these questions by deftly blending the stories gathered from her own fieldwork with interdisciplinary theoretical perspectives on dialogue and storytelling including the insights of Walter Benjamin Mikhail Bakhtin and Harold Innis Her analysis reveals
