Formative Classroom Walkthroughs Connie M. Moss, Susan M. Brookhart, 2015-01-21 Revolutionize the walkthrough to focus on the endgame of teaching student learning Authors Connie M Moss and Susan M Brookhart present the proven practice of formative walkthroughs that ask and answer questions that are specific to what the student is learning and doing Learn the value of having the observer examine the lesson from the student's point of view and seek evidence of seven key learning components A worthwhile lesson A learning target A performance of understanding Look for or success criteria Formative feedback Student self assessment Effective questioning Drawing upon their research and extensive work with K 12 teachers and administrators Moss and Brookhart delve into the learning target theory of action that debuted in Learning Targets Helping Students Aim for Understanding in Today's Lesson and show you how to develop a schoolwide collaborative culture that enhances the learning of teachers administrators coaches and students They present detailed examples of how formative walkthroughs work across grade levels and subject areas and provide useful templates that administrators and coaches can use to get started now Grounded in the beliefs that schools improve when educators improve and that the best evidence of improvement comes from what we see students doing to learn in every lesson every day Formative Classroom Walkthroughs offers a path to improvement that makes sense and makes a difference

Learning Targets Connie M. Moss, Susan M. Brookhart, 2012-07-02 In Learning Targets Connie M Moss and Susan M Brookhart contend that improving student learning and achievement happens in the immediacy of an individual lesson what they call today's lesson or it doesn't happen at all The key to making today's lesson meaningful Learning targets Written from students point of view a learning target describes a lesson sized chunk of information and skills that students will come to know deeply Each lesson's learning target connects to the next lesson's target enabling students to master a coherent series of challenges that ultimately lead to important curricular standards Drawing from the authors extensive research and professional learning partnerships with classrooms schools and school districts this practical book Situates learning targets in a theory of action that students teachers principals and central office administrators can use to unify their efforts to raise student achievement and create a culture of evidence based results oriented practice Provides strategies for designing learning targets that promote higher order thinking and foster student goal setting self assessment and self regulation Explains how to design a strong performance of understanding an activity that produces evidence of students progress toward the learning target Shows how to use learning targets to guide summative assessment and grading Learning Targets also includes reproducible planning forms a classroom walk through guide a lesson planning process guide and guides to teacher and student self assessment What students are actually doing during today's lesson is both the source of and the yardstick for school improvement efforts By applying the insights in this book to your own work you can improve your teaching expertise and dramatically empower all students as stakeholders in their own learning
