Routledge Handbook of Latin American Politics Peter Kingstone, Deborah J. Yashar, 2013-03-05 The Routledge Handbook of Latin American Politics brings together the leading figures in the study of Latin America to present extensive empirical coverage and a cutting edge examination of the central areas of inquiry in the region Geography in America at the Dawn of the 21st Century Gary L. Gaile, Cort J. Willmott, 2005 Geography in America at the Dawn of the 21st Century surveys American geographers current research in their specialty areas and tracks trends and innovations in the many subfields of geography As such it is both a state of the discipline assessment and a topical reference It includes an introduction by the editors and 47 chapters each on a specific specialty The authors of each chapter were chosen by their specialty group of the American Association of Geographers AAG Based on a process of review and revision the chapters in this volume have become truly representative of the recent scholarship of American geographers While it focuses on work since 1990 it additionally includes related prior work and work by non American geographers The initial Geography in America was published in 1989 and has become a benchmark reference of American geographical research during the 1980s This latest volume is completely new and features a preface written by the eminent geographer Gilbert White **Research in Education** ,1973 **Fear and Schooling** Ronald Evans, 2019-09-23 By exploring the tensions impacts and origins of major controversies relating to schooling and curricula since the early twentieth century this insightful text illustrates how fear has played a key role in steering the development of education in the United States Through rigorous historical investigation Evans demonstrates how numerous public disputes over specific curricular content have been driven by broader societal hopes and fears Illustrating how the population s concerns have been historically projected onto American schooling the text posits educational debate and controversy as a means by which we struggle over changing anxieties and competing visions of the future and in doing so limit influence of key progressive initiatives Episodes examined include the Rugg textbook controversy the 1950s crisis over progressive education the MACOS dispute conservative restoration culture war battles and corporate school reform In examining specific periods of intense controversy and drawing on previously untapped archival sources the author identifies patterns and discontinuities and explains the origins development and results of each case Ultimately this volume powerfully reveals the danger that fear based controversies pose to hopes for democratic education This informative and insightful text will be of interest to graduate and postgraduate students researchers and academics in the fields of educational reform history of education curriculum studies and sociology of education The Social Studies Baltimore (Md.). Dept. of Education, 1925 The CARICOM Bibliography ,1983 The Routledge Handbook on Livelihoods in the Global South Fiona Nunan, Clare Barnes, Sukanya Krishnamurthy, 2022-05-05 The Routledge Handbook on Livelihoods in the Global South presents a unique timely comprehensive overview of livelihoods in low and middle income countries Since their widespread adoption in the 1990s livelihoods perspectives frameworks and methods have influenced diverse areas of

research policy and practice The concept of livelihoods reflects the complexity of strategies and practices used by individuals households and communities to meet their needs and live their lives The Handbook brings together insights and critical analysis from diverse approaches and experiences learning from research and practice over the last 30 years The Handbook comprises an introductory section on key concepts and frameworks followed by five parts on researching livelihoods negotiating livelihoods generating livelihoods enabling livelihoods and contextualising livelihoods The introduction provides readers with an appreciation of concepts researched and applied in the five parts including chapters on vulnerability and resilience social capital and networks and institutions Each part reflects the diversity of approaches taken to understanding livelihoods whilst recognising commonalities including the centrality of power in shaping enabling and constraining livelihoods The book also reflects diversity of context including conflict climate change and religion as well as in generating livelihoods through agriculture small scale mining and pastoralism The aim of each chapter is to provide a critically informed introduction and overview of key concepts issues and debates of relevance to the topic with each chapter concluding with suggestions for further reading It will be an essential resource to students researchers and practitioners of international development and related fields Researchers and practitioners will also benefit from the book s diverse disciplinary contributions and by the wide and contemporary coverage
