physical evidence and Lamb's expedition notes the authors identify a small area with archaeological sites where the carvings were likely produced. Remarkably the vividly colored lintels replete with dynastic and cosmic information can be assigned to a carver Mayuy who sculpted his name on two of them. To an extent nearly unique in ancient America Mayuy can be studied over time as his style developed and his artistic ambition grew. An in-depth analysis of Laxtunich Lintel 1 examines how Mayuy grafted celestial seasonal and divine identities onto a local magnate and his overlord from the kingdom of Yaxchilan, Mexico. This volume contextualizes the lintels and points the way to their repatriation and as an ultimate aim repatriation to Guatemala. *Ethical Approaches to Human Remains* Kirsty Squires, David Errickson, Nicholas Márquez-Grant, 2020-01-01

This book is the first of its kind combining international perspectives on the current ethical considerations and challenges facing bioarchaeologists in the recovery, analysis, curation and display of human remains. It explores how museum curators, commercial practitioners, forensic anthropologists and bioarchaeologists deal with ethical issues pertaining to human remains in traditional and digital settings around the world. The book not only raises key ethical questions concerning the study, display and curation of skeletal remains that bioarchaeologists must face and overcome in different countries but also explores how this global community can work together to increase awareness of similar and indeed disparate ethical considerations around the world and how they can be addressed in working practices. The key aspects addressed include ethics in bioarchaeology and forensic anthropology, the excavation, curation and display of human remains, repatriation and new imaging techniques. As such the book offers an ideal guide for students and practitioners in the fields of bioarchaeology, osteoarchaeology, forensic anthropology, medical anthropology, archaeology, anatomy, museum and archive studies and philosophy, detailing how some ethical dilemmas have been addressed and which future dilemmas need to be considered.

The SAA Archaeological Record, 2005 The magazine of the Society for American Archaeology **Recording Clovis Points** Wm Jack Hranicky, 2009-07-01 *Ceramics of Ancient America* Yumi Park Huntington, Dean E. Arnold, Johanna Minich, 2018-09-12 This is the first volume to bring together archaeology, anthropology and art history in the analysis of pre-Columbian pottery. While previous research on ceramic artifacts has been divided by these three disciplines, this volume shows how integrating these approaches provides new understandings of many different aspects of Ancient American societies. Contributors from a variety of backgrounds in these fields explore what ceramics can reveal about ancient social dynamics, trade, ritual, politics, innovation, iconography and regional styles. Essays identify supernatural and humanistic beliefs through formal analysis of Lower Mississippi Valley Great Serpent effigy vessels and Ecuadorian depictions of the human figure. They discuss the cultural identity conveyed by imagery such as Andean head motifs and they analyze symmetry in designs from locations including the American Southwest. Chapters also take diachronic approaches, methods that track change over time to ceramics from Mexico's Tarascan State and the Valley of Oaxaca as well as from Maya and Toltec societies. This volume provides a much needed multidisciplinary synthesis of current scholarship on Ancient American

ceramics It is a model of how different research perspectives can together illuminate the relationship between these material artifacts and their broader human culture Contributors Dean Arnold George J Bey III Michael Carrasco David Dye James Farmer Gary Feinman Amy Hirshman Yumi Park Huntington Johanna Minich Shelia Pozorski and Thomas Pozorski Jeff Price Sarahh Scher Dorothy Washburn Robert F Wald **Missouri Archaeological Society Quarterly** ,2005 Scientific Style and Format CBE Style Manual Committee,1994-11-25 A revised and expanded sixth edition of the CBE Manual for scientific authors Tennessee Anthropologist ,2002 **Editorial Policy, Information for Authors, & Style Guide** Society for American Archaeology, Style manual from the Society for American Archaeology Utah Archaeology ,2003
