Sociology By Horton And Hunt 5 Edition:

Fallacy of Militant Ideology Munir Masood Marath, 2021-09-05 This book highlights the conflict between jihadist militants and the West as essentially ideological in character. It has serious implications internalized by Muslim societies with the boundaries of faith changed by the interplay of socio-political variables. Violence emerged in Muslim societies as a means of emancipation or identity when the state could not resolve the conflict situation. Although the militants were influenced by socio-political factors, they have always looked to religion to justify their acts of violence. This book exposing the fallacy of the narrative evolved by the militants offers a counter narrative. It reinterprets the primary sources, unravels the historical and socio-political constructs, unmask the heroes and enemies, challenges the dichotomies between theory and practice, re-establishes the boundaries between heresy and faith, and attempts to transform the current ideological discourse. This book will be of interest to students and scholars of the discourse between religion and security, political Islam, Islamic history, jihad, Middle Eastern studies, and South Asian studies. *Christian Perspectives on Sociology* Stephen Grunlan, Milton Reimer, 2001-04-02

Inclusion is most often considered within socio-historical and socio-political contexts whereby technical and legislative responses are sought. However, this book explores the question: How ethically defensible is the notion of inclusion in relation to people with

intellectual disability The book contends that inclusion is a multifaceted complex concept in a dualistic and dichotomous relationship with exclusion It is argued that historical and contemporary conceptualisations of exclusion for people with intellectual disability have been constructed from various philosophical and theological matrices imbued with particular values about personhood Furthermore it is proposed that the ethical significance of inclusion and exclusion in the context of intellectual disability is defined and perpetuated by expressions of a particular socio symbolic order underpinned by patriarchy and kyriarchy and subjected to two controlling ethics an Ethic of Normalcy and an Ethic of Anomaly Inclusion and exclusion are conceived as phenomena relating to how membership is defined legitimated or repelled by concealed occluding boundaries acting within a patriarchal socio ethical fabric The book argues that Ethical Inclusion is only possible through the rupture of these boundaries by a conceptual tool A Transformatory Ethic of Inclusion This conceptual instrument of rupture embraces the scholarship of feminist ethics and feminist theology Such a rupture requires examining the ways traditional ethical frameworks themselves have conceptually diminished and devalued the authenticity of people with intellectual disability A concept of integrality becomes imaginable Conceptual analysis is framed using a crafting metaphor of a patchwork quilt which is infused with narrative and by which such an ethical exploration is undertaken and impaired traditional ethical theorising is confronted and transformed *Tribal History of North-East India* H. Sudhir, 2014-01-01 This volume is an honour to no one else at all but one among the distinguished forerunners who has made a long lasting contribution in the disciplinary academic of northeast history and tribal studies in the region Professor Lal Dena It is an acknowledgement of the rich treasure of scholarship that Professor Lal Dena has contributed through his scholarly writings with a scientific knowledge of research in the subject It dwells on a variety of close knit contents linked up with one way or another absorbed in the Chin Kuki Mizo study In researching into the multifaceted aspects of the study the work harps on origin traditional religious beliefs and practices customary laws Christianity and social transformation identity ethnic conflict women society polity education civil society etc *Social Problems* Edward C.
