

If you have already registered for the SOCRA CCRP exam, you should receive the SOCRA Certification Program Reference Manual in the mail. This manual is a good reference material. But imagine reading through the 21 CFR Parts 11, 50, 56, 312, 812, 45 CFR Part 46, and ICH GCP (E6) from start to finish, it can be quite grueling. By the end of it, how much information will you really get out of it? Also, the [SOCRA Certification](#) Program Reference Manual does not contain any industry experience from an industry insider whatsoever. It's just a printout of regulations, that's all it is.
