Sol Plaatje University 2016:

Sol Plaatje's Mhudi Sabata-mpho Mokahe, Brian Willan, 2021 Sol Plaatje's Mhudi is the first full length novel in English to have been written by a black South African and is widely regarded as one of South Africa's most important literary works. Set in the 1830s it tells the tale of Mhudi and Ra Thaga a romantic story set against a violent backdrop of war between Barolong and Matebele complicated by the intrusions of Boer trekkers with whom the Barolong form an alliance. It is notable among other things for the way Plaatje uses the past to explore the roots of the oppression and injustice suffered by his people a century later when the book was written. Decolonising Curricula and Pedagogy in Higher Education Shannon Morreir, Kathy Lockett, Siseko H. Kumalo, Manjeet Ramgotra, 2021-05-31 This book brings together voices from the Global South and Global North to think through what it means in practice to decolonise contemporary higher education. Occasionally a theoretical concept arises in academic debate that cuts across individual disciplines. Such concepts which may well have already been in use and debated for some time become suddenly newly and increasingly important at a particular historical juncture. Right now debates around decolonisation are on the rise globally as we become increasingly aware that many of the old power imbalances brought into play by colonialism have not gone away in the present. The authors in this volume bring theories of decoloniality into conversation with the structural cultural institutional relational and personal logics of curriculum pedagogy and teaching practice. What is enabled in practice when academics set out to decolonize their teaching spaces? What commonalities and differences are there where academics set out to do so in universities across disparate political and geographical spaces? This book explores what is at stake when decolonial work is taken from the level of theory into actual practice. The chapters in this book were originally published as a special issue of Third World Thematics.

Legends Matthew Blackman, Nick Dall, 2023-09-29 We have a lot to be positive about in South Africa. With all our problems it's easy to feel bleak. But hold those thoughts because Legends might be just the tonic you need to drive off the gloom. This book tells the stories of a dozen remarkable people, some well known others largely forgotten who changed Mzansi for the better. Most South Africans are proud of Nelson Mandela and rightly so. His life was truly astounding but he is by no means the only person who should inspire us. There's King Moshoeshoe whose humanity and diplomatic strategies put him head and shoulders above his contemporaries both European and African. And John Fairbairn who brought non-racial democracy to the Cape in 1854. Olive Schreiner was a bestselling international author who fought racism corruption and chauvinism. And Gandhi spent twenty years here inventing a system of protest that would bring an Empire to its knees. Legends also celebrates Eugene Marais's startling contributions to literature and natural history despite a lifelong morphine addiction. Sol Plaatje's wit intelligence and tenacity in the face of racial zealots. Cissie Gool's lifetime fighting for justice and exposing bigots. And Sailor Malan's battles against fascists in the skies of Europe and on the streets of South Africa. Legends also celebrates Eugene Marais's startling contributions to literature and natural history despite a lifelong morphine addiction.

Sol Plaatje's wit intelligence and tenacity in the face of racial zealots Cissie Gool's lifetime fighting for justice and exposing bigots and Sailor Malan's battles against fascists in the skies of Europe and on the streets of South Africa And then there's Miriam Makeba who began her life in prison and ended it as an international singing sensation Steve Biko who shifted the minds of an entire generation and Thuli Madonsela the book's only living legend who gracefully felled the most powerful man in the land Engagingly written and meticulously researched Legends reminds South Africans that we have a helluva lot to be proud of
