Reality, Magic, and Other Lies Pauline Greenhill, 2020-10-13 Exploration of fairy tale movies that blur the line between reality and magic *Reality Magic and Other Lies* Fairy Tale Film Truths explores connections and discontinuities between lies and truths in fairy tale films to directly address the current politics of fairy tale and reality Since the Enlightenment notions of magic and wonder have been relegated to the realm of the fanciful with science and reality understood as objective and true But the skepticism associated with postmodern thought and critiques from diverse perspectives including but not limited to anti racist decolonial disability and feminist theorizing renders this binary distinction questionable Further the precise content of magic and science has shifted through history and across location Pauline Greenhill offers the idea that fairy tales particularly through the medium of film often address those distinctions by making magic real and reality magical *Reality Magic and Other Lies* consists of an introduction two sections and a conclusion with the first section Studio Director and Writer Oeuvres addressing how fairy tale films engage with and challenge scientific or factual approaches to truth and reality drawing on films from the stop motion animation company LAIKA the independent filmmaker Tarsem and the storyteller and writer Fred Pellerin The second section Themes and Issues from Three Fairy Tales shows fairy tale film magic exploring real life issues and experiences using the stories of Hansel and Gretel The Juniper Tree and Cinderella The concluding section Moving Forward suggests that the key to facing the reality of contemporary issues is to invest in fairy tales as a guide rather than a means of escape by gathering your community and never forgetting to believe *Reality Magic and Other Lies* which will be of interest to film and fairy tale scholars and students considers the ways in which fairy tales in their mediated forms deconstruct the world and offer alternative views for peaceful appropriate just and intersectionally multifaceted encounters with humans non human animals and the rest of the environment Rise of the Red Hand Olivia Chadha, 2021-01-19 Steeped in elements from real life South Asian cultures the worldbuilding is original and intriguing incorporating dystopian and utopian elements along with current hot issues such as societal inequities digital surveillance and technology's impact on humanity A strong and intricate story Kirkus Reviews This 2022 Colorado Book Award Winner is a rare searing portrayal of
