**Key Studies in Psychology 6th Edition** Richard Gross, 2012-11-23 Psychology is full of agreements and disagreements. Here Richard Gross pairs up 30 studies to show you how the classic theories in Psychology are constantly revisited by modern researchers. In a new focus for this 6th edition, the emphasis is on how these classic and contemporary studies relate. From the differences and similarities between them, you'll understand not just the studies themselves but develop the study skills you need to write about Psychology in exams and essays. The aim is to help you understand how specific research and issues fit into the science of Psychology as a whole and where that science is going. Key Studies in Psychology 6th Edition is a life saver in the sea of Psychological research; grab onto it.

**Social Psychology** Carol Brown, 2006-03-29 Social Psychology provides student readers with essential help with all aspects of their first course in social psychology, including advice on revising for exams, preparing and writing course assessment materials, and enhancing and progressing their knowledge and skills in line with course requirements on a social psychology course.

*Psychology: The Science of Mind and Behaviour 6th Edition* Richard Gross, 2012-03-30 500 000 students later, Gross continues to set the standard for Psychology textbooks. This thoroughly updated edition is colourful, engaging, and packed with features that help students to understand and evaluate classic and contemporary Psychology. Gross is the bible for students of Psychology and anyone in related fields such as Counselling, Nursing, and Social Work who needs a reliable catch-all text. All the major domains of Psychology are covered in detail across 50 manageable chapters that will help you get to grips with anything from the nervous system to memory, from attachment to personality and everything in between. A final section on issues and debates allows students to cast a critical eye on the research process to explore the nature of Psychology as an evolving science and understand some of the ethical issues faced by Psychologists. Brings contemporary Psychology alive with brand new double-page features which showcase contributions from Psychology's leading figures. Packed with features: Introductions and Summaries, Ask Yourself Questions, Key Studies, Critical and Cross-Cultural material. Improved coverage throughout of work from neuroscience, neuropsychology, and evolutionary psychology. Covers everything you need to know in the depth in which you need to know it. Explicitly links different areas of Psychology to help more able students get better grades. New for this edition, Gross is supported by an extensive and interactive Dynamic Learning resource package. Just as Gross the book does everything, this comprehensive online resources package will help
