The Moral Psychology of Regret Anna Gotlib, 2019-10-21 What kind of an emotion is regret What difference does it make whether how and why we experience it

and how does this experience shape our current and future thoughts decisions goals Under what conditions is regret appropriate Is it always one kind of experience or does it vary based on who is doing the regretting and why How is regret different from other backward looking emotions In The Moral Psychology of Regret scholars from several disciplines including philosophy gender studies disability studies law and neuroscience come together to address these and other questions related to this ubiquitous emotion that so many of us seem to dread And while regret has been somewhat under theorized as a subject worthy of serious and careful attention this volume is offered with the intent of expanding the discourse on regret as an emotion of great moral significance that underwrites how we understand ourselves and each other

How Audiences Decide Richard O. Young, 2011-03-01 How Audiences Decide A Cognitive Approach to Business Communication is a comprehensive introduction to persuasive communication in the context of business It summarizes relevant theories and findings from the fields of cognitive science social cognition leadership team cognition psycholinguistics and behavioral economics By illuminating the thought processes of many different audiences from consumers to Wall Street analysts to CEOs it helps communicators better understand why audiences make the decisions they make and how to influence them The book covers a broad range of communication techniques including those concerning persuasive speaking and writing interviews and group meetings content and style typography and nonverbal behaviors charts and images rational arguments and emotional appeals and examines the empirical evidence supporting each of them The Aging Consumer Aimee Drolet, Carolyn Yoon, 2011-01-11 At present about 45 million Americans are over the age of 65 and by 2020 one out of every six Americans will be 65 or older These statistics are reflective of a worldwide phenomenon in developing and developed countries alike unrivalled since the Industrial Revolution This edited volume written by experts in many fields examines the economic and psychological research on how aging consumers behave make decisions and choose in the marketplace The book takes stock of what is known identifies gaps and open questions and outlines an agenda for future research It covers topics from the individual to the societal level of analysis The Oxford Handbook of Behavioral Economics and the Law Eyal Zamir, Doron Teichman, 2014 The Oxford Handbook of Behavioral Economics and Law brings together leading scholars of law psychology and economics to provide an up to date and comprehensive analysis of this field of research including its strengths and limitations as well as a forecast of its future development Its twenty nine chapters are organized into four parts **Handbook of Experimental Economic Methodology** Guillaume R. Fréchette, Andrew Schotter, 2015-01-02 The Handbook of Experimental Economic Methodology edited by Guillaume R Fr chette and Andrew Schotter aims to confront and debate the issues faced by the growing field of experimental economics For example as experimental work attempts to test theory it raises questions about the proper relationship between theory and experiments As experimental results are used to inform policy the utility of these results outside the lab is questioned and finally as experimental economics tries to integrate ideas from other disciplines like psychology and neuroscience the question of their

proper place in the discipline of economics becomes less clear This book contains papers written by some of the most accomplished scholars working at the intersection of experimental behavioral and theoretical economics talking about methodology It is divided into four sections each of which features a set of papers and a set of comments on those papers The intention of the volume is to offer a place where ideas about methodology could be discussed and even argued Some of the papers are contentious a healthy sign of a dynamic discipline while others lay out a vision for how the authors think experimental economics should be pursued This exciting and illuminating collection of papers brings light to a topic at the core of experimental economics Researchers from a broad range of fields will benefit from the exploration of these important questions
