Société avec Drogues:

Société avec drogues Claude Faugeron, Michel Kokoreff, 2002 Les débats français sur les drogues ont profondément évolué ces dernières années Le discours officiel est passé de la radicalisation de l'usage des drogues illicites à la réduction des risques L'utilisation forcée de outils politiques laisse de plus en plus souvent la place au médico social Le champ s'est aussi largi des produits licites tabac alcool médicaments etc et l'utilisation de produits psychotropes n'est plus l'apanage des quartiers défavorisés Ces évolutions ne se font pas sans coups ni sans effets non voulus Mais on a pris conscience qu'il pouvait y avoir des usages contrôlés de drogues illicites et des usages non contrôlés de produits licites ou détournés Il est encore difficile de parler sans passion ou sans a priori de ces évolutions C'est pourquoi les auteurs ont choisi de présenter des travaux récents selon trois approches complémentaires La première partie traite de l'utilisation de produits psychotropes par des populations non stigmatisées comme les lycéens ou les sportifs ainsi que de leur usage contrôlé par des populations qui ne se trouvent pas sous le regard de la police et de la justice La deuxième partie s'intéresse aux dispositifs d'aide aux usagers de drogues illicites et de prévention qui se développent partout en Europe comme le travail de proximité les points écoute ou les groupes d'auto-soutien Enfin la troisième partie montre combien il est difficile de renverser les logiques de fonctionnement d'institutions comme la police et la justice et d'initier de nouvelles pratiques Ainsi cet ouvrage aborde les nouvelles problématiques catégoriques pratiques qui remettent en cause l'idéal normatif d'une société sans drogue Mieux appréhender les modèles de consommation dans leur diversité permet d'claircir les inflexions et les enjeux des politiques publiques et de nourrir une réflexion sur la construction d'une politique de santé publique
