Dictionary of Military Sociology Dr. George Kaffes, 2024-05-28 Although Moskos showed the way to this particular field of Military Sociology, Dr. George Kaffes, sociologist and teacher for over thirty years in the Hellenic Army Academy, felt the necessity of a first introductory but academic work in order to offer the Dictionary of Military Sociology. From the small Greek island of Kastellorizo, where he finished this work, Dr. Kaffes' goal is to give the opportunity by gathering all these terms including military sociologists and researchers, some significative military leaders, a small but significative slang vocabulary and some operational terms to every sociologist whose interest is about military and society to have this very special tool in hands. Another goal of Dictionary of Military Sociology is to show some terms of military slang which is a colloquial language used by and associated with members of various military forces. About the Author: Dr. George Kaffes is a Military Sociologist and has taught Military Sociology as a fulltime professor at the Hellenic Army Academy for more than thirty years. He focuses his research more on sociology of violence and war, sociology of terrorism, gender in the militaries and army sociology. He is married with one daughter and he speaks more than his mother language which includes Greek, French, Portuguese, English and German. His book is destined to all researchers, militaries, cadets and everyone who is interested in the field of military sociology.

The Bible and the Public Square Hermann Mvula, 2024-02-18 For too long Africa has presented a conundrum as its profound reception of the Bible is juxtaposed with a public life that often seems devoid of biblical values. In this highly original analysis, Mzee Hermann Mvula boldly seeks to bridge this ugly chasm by showing what biblical teaching can mean for many different aspects of social and political life. Kenneth R. Ross, Professor of Theology and Dean of Postgraduate Studies, Zomba Theological University.
