*Law and Disorder* Illan Rua Wall, 2020-12-20 Focusing on the moment when social unrest takes hold of a populace Law and Disorder offers a new account of sovereignty with an affective theory of public order and protest In a state of unrest the affective architecture of the sovereign order begins to crumble The everyday peace and calm of public space is shattered as sovereign peace is challenged In response the state unleashes the full force of its exceptionality and the violence of public order policing is deployed to restore the affects and atmospheres of habitual social relations This book is a work of contemporary critical legal theory It develops an affective theory of sovereign orders by focusing on the government of affective life and popular encounters with sovereignty The chapters explore public order as a key articulation between sovereignty and government In particular policing of public order is exposed as a contemporary mode of exceptionality cast in the fires of colonial subjection The state of unrest helps us see the ordinary affects of the sovereign order but it also points to crowds as the essential component in the production of unrest The atmospheres produced by crowds seep out from the squares and parks of occupation settling on cities and states In these new atmospheres new possibilities of political and social organisation begin to appear In short crowds create the affective condition in which the settlement at the heart of the sovereign order can be revisited This text thus develops a theory of sovereignty which places protest at its heart and a theory of protest which starts from the affective valence of crowds This book s examination of the relationship between sovereignty and protest is of considerable interest to readers in law politics and cultural studies as well as to more general readers interested in contemporary forms of political resistance

Microfoundations of Institutions Patrick Haack, Jost Sieweke, Lauri Wessel, 2019-11-25 The notion of microfoundations has received growing interest in neo institutional theory along with an interest in microfoundational research in disciplines such as strategic management and economics

**Tragic encounters and ordinary ethics** Ruth Sheldon, 2016-10-20 For over four decades events in Palestine Israel have provoked raging conflicts within British universities around issues of free speech extremism antisemitism and Islamophobia But why is this conflict so significant for student activists living at such a geographical distance from the region itself And what role do emotive polarised communications around Palestine Israel play in the life of British academic institutions committed to the ideal of free expression This book draws on original ethnographic research with student activists on different sides of this conflict to initiate a conversation with students academics and

members of the public who are concerned with the transnational politics of Palestine Israel and with the changing role of the public university It shows how in an increasingly globalised world that is shaped by entangled histories of European antisemitism and colonial violence ethnography can open up ethical responses to questions of justice *Changing Values and Identities in the Post-Communist World* Nadezhda Lebedeva,Radosveta Dimitrova,John Berry,2018-04-04 This book offers a comparative analysis of value and identity changes in several post Soviet countries In light of the tremendous economic social and political changes in former communist states the authors compare the values attitudes and identities of different generations and cultural groups Based on extensive empirical data using quantitative and qualitative methods to study complex social identities this book examines how intergenerational value and identity changes are linked to socio economic and political development Topics include the rise of nationalist sentiments identity formation of ethnic and religious groups and minorities youth identity formation and intergenerational value conflicts **Handbook on Green Growth** Roger Fouquet,2019 Economies around the world have arrived at a critical juncture to continue to grow fuelled by fossil fuels and exacerbate climate change or to move towards more sustainable greener growth Choosing the latter is shown to help address climate change as well as present new economic opportunities This Handbook provides a deeper understanding of the concept of green growth and highlights key lessons from the experience of green transformations across the world following a decade of ambitious stimulus packages and green reforms **European Integration, Processes of Change and the National Experience** S. Börner,M. Eigmüller,2015-06-02 In order to better understand processes of European integration this book offers a new perspective that compares past experiences of change to current transitional moments at the European level It addresses key questions about European society EU integration and social change to reveal the social construction of emergent polities and societies Comparing Post War Japanese and Finnish Economies and Societies Yasushi Tanaka,Toshiaki Tamaki,Jari Ojala,Jari Eloranta,2014-11-13 This book compares two countries with striking parallels in economic and political outcomes yet with some distinct features in terms of institutional structures relative size and culture Therefore this book forms a fruitful platform for the study of the similarities and differences in the economic and societal development of Japan and Finland Despite their geographic distance from one another and the aforementioned differences both countries experienced rather similar economic and societal development patterns after the Second World War The study of these societies both individually and through commonalities will provide a unique perspective on the emergence of modern economies and institutions The book provides comprehensive coverage on issues such as welfare state formation and society security and military spending education system industrial development international trade governmental economic policies energy solutions and bubbles and their collapse thus issues typical for these countries as well as most modern states studied from a longitudinal perspective The book aims to answer a fundamental question in social science Why do there seem to be common trends and developmental paths among countries differing in size culture and

economic structure This book will provide insights for those seeking to decipher how the developments in their own countries came about and where they may be headed to      **Social Inequality** Heather M. Fitz Gibbon, Anne M. Nurse, Charles E.

Hurst, 2019-07-02 Like past editions this tenth edition of *Social Inequality Forms Causes and Consequences* is a user friendly introduction to the study of social inequality This book conveys the pervasiveness and extensiveness of social inequality in the United States within a comparative context to show how inequality occurs how it affects all of us and what is being done about it This edition benefits from a variety of changes that have significantly strengthened the text The authors pay increased attention to disability intersectionality immigration religion and place This edition also spotlights crime and the criminal justice system as well as health and the environment The tenth edition includes a new chapter on policy alternatives and venues for social change      *Organizational Imaginaries* Katherine K. Chen, Victor Tan Chen, 2021-03-24 This volume

explores an expansive array of organizational imaginaries or conceptions of organizational possibilities with a focus on collectivist democratic organizations to showcase how organizations can ultimately support and serve broader communities

*The University Revolution* Eric Lybeck, 2021-05-12 The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781351017558> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license Few institutions in modern society are as significant as universities yet our historical and sociological understanding of the role of higher education has not been substantially updated for decades By revisiting the emergence and transformation of higher education since 1800 using a novel processual approach this book recognizes these developments as having been as central to constituting the modern world as the industrial and democratic revolutions This new interpretation of the role of universities in contemporary society promises to re-orient our understanding of the importance of higher education in the past and future development of modern societies It will therefore appeal to scholars of social science and history with interests in social history and social change education the professions and inequalities

*Creativity and Conservatism: An Investigation into the Formation of Saudi Female Artistic Identity* Fatemah Abdullah Alqahtani, 2024-07-31 This book investigates the formation of Saudi female artistic identity within the context of religious and social values and customs It proposes a theory about the uniqueness of this identity in terms of how Saudi female artists push the boundaries of creativity in a conservative culture The book explores the influence of two main factors Islamic doctrines and sociocultural norms It examines how these factors relate to the temporal and spatial limitations placed on artists From a faith-based perspective it analyses the ambivalent relationship between some Muslim scholars' thoughts and the concept of creativity and how this ambivalence can be overcome The book also examines the intellectual and cultural factors that have shaped Saudi collective mindset about the arts incorporating significant events in Saudi history and their impact on artistic practice If you have questions about what factors shape female Saudi artistic identity or how these artists are challenging norms of representation this book helps uncover the answers      **Contextual Strategic Entrepreneurship** Nezameddin

Faghih, Amir Forouharfar, 2021-12-06 This edited volume discusses the contextual nature of strategic entrepreneurship. It unfolds the concept of context in strategic entrepreneurship and demonstrates how entrepreneurial strategies differ among various countries, societies, and entrepreneurial ecosystems. Written by global experts in strategic entrepreneurship research, chapters discuss emerging issues in the field such as barriers to strategic entrepreneurship, entrepreneurial resource-based view, mixed embeddedness, social media marketing, competitiveness in small enterprises, strategic learning, and the triple helix approach to university-business-government strategic cooperation. Affirming that strategic decisions, planning, and formulations are greatly context-related endeavors, and hence any true understanding of entrepreneurial strategy starts with appropriate understanding of relevant context, this volume makes a vital contribution to the discussion of strategic entrepreneurship.
