Le Dr Richard Horowitz est médecin interniste. Avec son épouse, il a fondé le Hudson Valley Healing Arts Center de Hyde Park, New York, qui en trois décennies a traité plus de 12 000 patients souffrant de maladies transmises par les tiques. *Maladie de Lyme - L'épidémie qu'on vous cache* Viviane Schaller, Richard Horowitz, 2015-07-20. Comment on a fait taire une lanceuse d'alerte. Le 31 mai 2012, le ministre de la Santé ordonne la fermeture du laboratoire d'analyses Schaller-Strasbourg en pointe sur la maladie de Lyme, une affection grave transmise par les tiques. On lui reproche d'utiliser un test de dépistage non homologué qui diagnostique davantage de cas de Lyme que les tests officiels. Plutôt que de s'interroger sur ses découvertes, on choisit en haut lieu de bâillonner la lanceuse d'alerte qui sera finalement en justice. C'est cette situation absurde et scandaleuse que dénonce Viviane Schaller dans ce témoignage accablant. Elle raconte son combat pour faire valuer le diagnostic de la maladie de Lyme et alerter autorités sanitaires, médecins et malades sur une pandémie dont l'ampleur est née 3 millions de Français infectés sans le savoir. 3 millions de personnes souffriraient de la maladie de Lyme, mais moins de 10 000 sont soignées. La raison de cette situation : Les symptômes mimant une myriade d'affections et déroutent les médecins qui fondent leur diagnostic sur un test biologique obsolète. Conséquence : les patients traînent leurs souffrances pendant des années. Viviane Schaller révèle la collusion entre intérêts financiers, stratégie politique et enjeux de santé publique qui a abouti à cette situation et propose des pistes pour sortir du déni. Illustré de nombreux cas cliniques, un guide précieux pour comprendre la maladie de Lyme, ses symptômes et son diagnostic. Viviane Schaller est docteur en pharmacie, biologiste. Elle a dirigé le laboratoire d'analyses biologiques Schaller-Strasbourg pendant 25 ans. Le Dr Richard Horowitz, qui a signé la préface, est l'auteur de *Soigner Lyme et les maladies chroniques inexplicables*. **La Vérité sur la maladie de Lyme** Christian Perronne, 2019-08-28. La maladie de Lyme, cette étrange infection déclenchée par une piqûre de tique, peut provoquer dermatoses, arthrites et jusqu'à des atteintes neurologiques. Pourquoi les patients sont-ils souvent abandonnés, leur souffrance ? Pourquoi ne traite-t-on pas plus efficacement cette maladie, alors que des solutions thérapeutiques existent ? Le professeur Perronne, médecin et chercheur de renom, le premier à avoir sensibilisé les pouvoirs publics, raconte dans ce livre de manière claire et précise tout ce qu'on sait aujourd'hui de cette maladie et comment la guérir. Il répond galement aux multiples interrogations de ceux de plus en plus nombreux qui sont concernés par cette affection. Ce livre nous aide aussi mieux à comprendre et savoir soigner cet ensemble de maladies mal connues, dues à des infections cachées comme la maladie de Lyme. La vérité sur l'histoire de la maladie de Lyme et des infections cachées expliquée par le plus grand médecin spécialiste de ces maladies. Le professeur Christian Perronne est chef de service en infectiologie à l'hôpital universitaire Raymond Poincaré de Garches, faculté de médecine Paris 12 de France. Il a présidé de plusieurs instances médicales et scientifiques, notamment du Collège des professeurs de maladies infectieuses et tropicales. Il a présidé d'un groupe d'experts sur la vaccination à l'Oms. **Why Can't I Get Better?** Richard Horowitz, Richard I. Horowitz, 2013-11-12. When Dr Richard Horowitz moved to the Hudson Valley over a decade ago to start his own medical practice, he didn't know that he would be

jumping into the center of one of the fiercest most heated medical disputes being waged today The ongoing debate over Lyme disease as a chronic illness has made it difficult for sufferers to find care as doctors are in many cases unable or unwilling to diagnose it This is how once treatable infections can become chronic causing disabling conditions that may never be cured In a field where the number of cases is growing each year and answers remain elusive Horowitz has made extraordinary progress His plan represents a paradigm shift without which he argues the suffering will continue In this book Horowitz breaks new ground with a 16 Point Differential Diagnostic Map the basis for his Lyme treatment plan and an overarching approach to treating all chronic illness He introduces MSIDS or Multi Systemic Infectious Disease Syndrome a new lens on chronic illness that may prove to be an important missing link And he covers in detail Lyme s leading symptoms and co infections including immune dysfunction sleep disorders chronic pain and neurodegenerative disorders This book is an all in one source for patients of Lyme and other chronic illnesses to identify their own symptoms and work with their doctors for the best possible treatment outcome
