

BRIDGING DISCIPLINES PROGRAMS

Dear BDP Student,

Welcome to the Bridging Disciplines Programs! On behalf of the BDP staff and faculty, I want to congratulate you on your admission to the program. We are excited that you've chosen to pursue a BDP certificate, and we're looking forward to getting to know you as you progress through the program.

One of my favorite parts of working with BDP students is seeing how much students are able to grow and accomplish through the program. If there's one lesson I would hope that you, as a new BDP student, would take from the students who have preceded you, it would be that the possibilities for what you can achieve during your time at UT are endless. BDP students have done research all over the world, they've interned everywhere from the US Congress to non-profits in Austin to the United Nations, and they've participated in research with many of UT's most distinguished faculty members. What you take from your BDP experience is limited only by what you put into it, and I would encourage you to take advantage of the resources the BDPs offer to help you not only achieve your goals, but exceed them.

In becoming a BDP student, you are not only choosing to pursue a certificate, but you are also joining a community of students and scholars. The relationships you build through your BDP experience—whether with faculty who mentor you in connecting experiences, with your BDP advisor, or with other BDP students—can be just as rewarding as your individual accomplishments. I hope you will take advantage of this community and participate actively in the social, professional, and academic events the BDP sponsors to help you get to know other students and faculty. As you will learn in moving through the program, part of being an interdisciplinary student is listening to and learning from others who bring different perspectives, knowledge, and skills to the topic or problem you are considering. Being part of the BDP community will help you learn not just from your classes, but also from your peers.

This handbook and your BDP orientation session will provide you with much more information about how to be a successful BDP student and take advantage of the resources available to you. The BDP advisors and staff are here to help you make the most of this experience. I hope you'll consider the BDP office one of your homes on campus—we're always happy to see you!

Sincerely,

Jeanette Herman
Director, Bridging Disciplines Programs
