West Point Warlord:

West Point Warlord O'Farrell,2014-12-04 *West Point Warlord* is a gritty war novel with camaraderie love and a sense humor throughout its 65 000 words It is a story of a West Point graduate pitched against his arch enemy Qand Agha an evil and murderous Afghan warlord which culminates in an exciting finale along the rugged mountainside of Northern Afghanistan The story begins at the parade field of West Point to the attacks of September 11 at the Pentagon to Colonel Rick Farrells immediate deployment to the Afghanistan warfront This exciting page turner has been written by two former Army Officers who have published previously **Warlords, Inc** Noah Raford,Andrew Trabulsi,2015 A cutting edge examination of new types of political actors who emerge in a world of drug cartels and transnational criminal organizations Leading experts chart the changing geopolitical landscape as the world s elaborate but fragile political systems become increasingly vulnerable to breakdown and deliberate disruption **Furry Tales from the Doggy Lama** Patrick O'Farrell,2023-06-30 *Furry Tales from the Doggy Lama* details the history of family pets and follows their stories passed down from generations about family pets and the joy they have brought to our household This children s book also asks the reader if they have pets and about the joys they have brought to their families A portion of the proceeds from this book will be donated to help veterans with service dog support *Warlord Survival* Romain Malejacq,2020-01-15 How do warlords survive and even thrive in contexts that are explicitly set up to undermine them How do they rise after each fall *Warlord Survival* answers these questions Drawing on hundreds of in depth interviews in Afghanistan between 2007 and 2018 with ministers governors a former vice president warlords and their entourages opposition leaders diplomats NGO workers and local journalists and researchers Romain Malejacq provides a full investigation of how warlords adapt and explains why weak states like Afghanistan allow it to happen Malejacq follows the careers of four warlords in Herat Sheberghan and Panjshir Ismail Khan Abdul Rashid Dostum Ahmad Shah Massoud and Mohammad Qasim Fahim He shows how they have successfully negotiated complicated political environments to survive ever since the beginning of the Soviet Afghan war The picture he paints in *Warlord Survival* is one of astute political entrepreneurs with a proven ability to organize violence Warlords exert authority through a process in which they combine instrumentalize and convert different forms of power to prevent the emergence of a strong centralized state But as Malejacq shows the personal relationships and networks fundamental to the authority of Ismail Khan Dostum Massoud and Fahim are not necessarily contrary to bureaucratic state authority In fact these four warlords and others like them offer durable and flexible forms of power in unstable violent countries *War, Will, and Warlords* , Compares the reasons for and the responses to the insurgencies in Afghanistan and Pakistan since October 2001 Also examines the lack of security and the support of insurgent groups in Afghanistan and Pakistan since the 1970s that explain the rise of the Pakistan supported Taliban Explores the border tribal areas between the two countries and how they influence regional stability and U S security Explains the implications of what happened during this 10 year period to provide

candid insights on the prospects and risks associated with bringing a durable stability to this area of the world **Tiger's Tail** Gus Lee, 2008-12-10 From the author of *Honor and Duty* and *China Boy* comes an ingenious thriller set in Korea in 1973 a gripping story of sorrow corruption and redemption with plenty of brawls to boot A career officer who trained at West Point The number one son of a hardworking Chinese family A soldier still tormented by his tour of duty in Vietnam Jackson Kan is a man caught in the middle of clashing worlds Now Kan is bound for Asia once again this time to the volatile demilitarized zone between North and South Korea His objective is to track down a missing American investigator also his closest friend But in fact Kan has no idea of the enormity and the danger of the mission that awaits him It turns out that the frigid barren Korean DMZ is at the mercy of Colonel Frederick LeBlanc known as the Wizard a Bible pounding zealot engaged in his own private paranoid war on communism Kan quickly uncovers the depravity and corruption of the Wizard's little empire But only gradually does he piece together the explosive truth about LeBlanc's secret arsenal a truth that burns like a fuse between Kan's missing friend and the fragile truce of the two Koreas Praise for *Tiger's Tail* Gus Lee's narrative is irresistible San Francisco Examiner Chronicle A dazzling literary thriller Amy Tan In the manner of Malraux Greene and Le Carré A wise and wrenching novel beautifully told Publishers Weekly starred review *WAR ROOM to BOARDROOM* Patrick O'Farrell, 2020-12-07 War room to Board room is a well organized collection containing over 50 leadership techniques used by West Pointers who developed their leadership skills as top officers in the military and now apply these same techniques in business Now as Chairmen's and CEOs Medical Executive Doctors Business Executives Inventors and Founders of Companies built on Innovation Combat Aviators and current senior public executives offer their leadership lessons that helped them along the way Each lesson told as a story when they learned it then captured again at the end of the chapter with all lessons summarized at the end of the book for easy reference A useful leader handbook to keep nearby on every business leader's desk Very useful for leaders in any environment business military church group efforts sports volunteer projects Any place there is a group to be led universal lessons that apply from war room to boardroom Alex Gorsky Chairman and Chief Executive Officer Johnson Johnson West Point Warrior Class Several war room to boardroom leadership examples included a great read Mike Durant President and Founder Pinnacle Solutions Inc Author of *In the Company of Heroes* Combat Aviator Black Hawk Down Excellent Leadership Lessons inside War Room to Boardroom gets my vote Delvin Sullivan Entrepreneur and Philanthropist Author of *The Wealthy Child* Iraqi Freedom Veteran 2X O Farrell and Hegarty offer many hands on tips to use when leading organizations to victory Well done Nick Logan Founder and Chairman of Cornerstone Payment Systems Author and Screenwriter Owner College Hula Bowl *When Tigers Ruled the Sky* Bill Yenne, 2016-07-05 From the acclaimed author of *Hit the Target* and *Big Week* an in depth account of the legendary World War II combat group the Flying Tigers In 1940 Pearl Harbor had not yet happened and America was not yet at war with Japan But China had been trying to stave off Japanese aggression for three years and was desperate for aircraft and trained combat pilots General

Chiang Kai shek sent military aviation advisor Claire Chennault to Washington where President Roosevelt was sympathetic but knew he could not intervene overtly Instead he quietly helped Chennault put together a group of American volunteer pilots This was how the 1st American Volunteer Group more commonly known as the Flying Tigers was born With the trademark smiling shark jaws on their P 40 fighters these Army Navy and Marine pilots became a sensation as they fought for the Chinese Those who initially doubted them were eventually in awe as they persevered over Rangoon despite being outnumbered 14 1 by Japanese aircraft as they were described by Madame Chiang Kai shek as her little angels and by a Chinese foreign minister as the soundest investment China ever made and as they ultimately destroyed hundreds of Japanese planes while losing only a dozen of their own in combat Two of their veterans would later earn the Medal of Honor and as a group the Flying Tigers managed to rack up a better record than any other air wing in the Pacific theater When Tigers Ruled the Sky is a thrilling and triumphant account of their courage and their legacy

Warlords Stuart Laycock,2011-11-08 The centuries after the end of Roman control of Britain in AD 410 are some of the most vital in Britain s history yet some of the least understood Warlords brings to life a world of ambition brutality and violence in a politically fragmented land and provides a compelling new history of an age that would transform Britain By comparing the archaeology against the available historical sources for the period Warlords presents a coherent picture of the political and military machinations of the fifth and sixth centuries that laid the foundations of English and Welsh history Included are the warring personalities of the local leaders and a look at the enigma of King Arthur Some warlords sought power within the old Roman framework some used an alternative British approach and others exploited the emerging Anglo Saxon system but for all warlords the struggle was for power

The Faith Machine Tone Milazzo,2021-05-01 A fantastic niche psychic espionage Think Legion season one meets The Men Who Stare at Goats or the X Men in the X Files A must read for anyone who loves a good laugh a great read and implausible but completely engaging characters

Tao of Soldiering Nihar Kuanr,2020-03-30 Soldiering is all about the growth and development of human potential in the military organization The approach to soldiering in China is apparently distinct as compared to Indian or Western military and the shaping of soldiery in China has taken a very unique and somewhat enigmatic course In the context of PLA in the ongoing reform era a clear

shift in the approach to HRM is apparent One of the most important objectives of the ongoing reforms and restructuring of PLA is to appreciably augment its potential and efficiency for the effective prosecution of Integrated Joint operations IJO for winning Local Wars under Informationised Condition LWUIC This book attempt has been made to take a holistic look at soldiering and development of human potential in PLA thus progressing understanding in the broadly interpreted field of HRM in the context of the Chinese military The author argues that PLA has been adopting a very systematic methodical and focussed approach towards identifying the key issues and addressing them in a time bound manner to enhance the quality of its personnel to include the enlisted personnel NCOs officers and higher leadership However success or failure of HR policies depends as much on several tangible factors educational qualification technological prowess economic and social background as on various intangible aspects influence of culture belief system traditional practices political and ideological factors impinging on the morale motivation and value system The book would enable interested readers to comprehend and grasp the nuances of the development of human potential in the military in general and PLA in specific Various HRD themes like organizational culture leadership efficient decision making etc analyzed in the book can find application in general context as well

Selling War, Selling Hope Anthony R. DiMaggio, 2015-09-21 Modern presidents have considerable power in selling U S foreign policy objectives to the public In *Selling War Selling Hope* Anthony R DiMaggio documents how presidents often make use of the media to create a positive informational environment that at least in the short term successfully builds public support for policy proposals Using timely case studies with a focus on the Arab Spring and the U S War on Terror in the Middle East and surrounding regions DiMaggio explains how official spin is employed to construct narratives that are sympathetic to U S officialdom The mass media rather than exhibiting independence when it comes to reporting foreign policy issues is regularly utilized as a political tool for selling official proposals The marginalization of alternative critical viewpoints poses a significant obstacle to informed public deliberations on foreign policy issues In the long run however the packaging of official narrative and its delivery by the media begins to unravel as citizens are able to make use of alternative sources of information and assert their independence from official viewpoints *Empire of Fear* Andrew Hosken, 2015-07-23

In June 2014 Islamic State launched an astonishing blitzkrieg which saw them seize control of an area in the Middle East the size of Britain The news was soon filled with their relentless acts of savagery yet nobody seemed to know who they were or where they d come from Now BBC reporter Andrew Hosken delivers the inside story on Islamic State Through extensive first hand reporting Hosken builds a comprehensive picture of IS their brutal ideology and exterminationist methods Equally compelling and horrifying *Empire of Fear* reveals how Islamic State came to be explores how they might be defeated and asks a frightening question if they were brought down could we stop another group emerging to replace them *Story and Simulations for Serious Games* Nick Iuppa, Terry Borst, 2012-07-26 How to create a simulation where participants have a sense of freedom and personal control while still maintaining the structure necessary for an effective story is a difficult task

indeed This book examines how to create an engaging effective story necessary to teach participants while relating practical considerations of building a simulation It also looks at stories as classic ways of teaching and gathering knowledge and considers other theories of interactive narrative design such as synthetic story creation and management and participant generated story experiences It also discusses enabling technologies in artificial intelligence synthetic characters design and development speech recognition technology 3D modelling and the future of story driven games Story Driven Simulations reviews the existing efforts in this field as well as focusing on the recent efforts of Paramount Pictures and The Institute for Creative Technologies at the University of Southern California where this expert author team created successful simulations for the U S Army Department of Defense as well as other educational simulations Grid James Jeffery,2011 **Seek and Destroy** William C. Dietz,2017-06-20 From the New York Times bestselling author of the Legion of the Damned novels and the Mutant Files series comes the second novel in a postapocalyptic military science fiction series about America struggling to overcome a natural disaster but starting a second civil war As people fight to survive the aftereffects of more than a dozen meteor strikes a group of wealthy individuals conspires to rebuild the United States as a corporate entity called the New Confederacy where the bottom line is law As a second civil war rages with families fighting against families on opposite sides Union president Samuel T Sloan battles to keep the country whole To help in the fight for unity Union Army captain Robin Mac Macintyre and her crew of Stryker vehicles are sent after the ruthless warlord of warlords an ex Green Beret who rules a large swath of the West But defeating him will be even more difficult than she thought The warlord is receiving military assistance from Mac s sister and rival Confederate major Victoria Macintyre And when the siblings come together in the war torn streets of New Orleans only one of them will walk away Hollywood War Films, 1937-1945 Michael S. Shull,David Edward Wilt,2015-09-03 From 1937 through 1945 Hollywood produced over 1 000 films relating to the war This enormous and exhaustive reference work first analyzes the war films as sociopolitical documents Part one entitled The Crisis Abroad 1937 1941 focuses on movies that reflected America s increasing uneasiness Part two Waging War 1942 1945 reveals that many movies made from 1942 through 1945 included at least some allusion to World War II **Repurposed Rebels** Mariam Bjarnesen,2020-09-15 Despite peace agreements demobilization and reintegration processes the end of war does not automatically or necessarily make combatants abandon their wartime rebel networks In Liberia such structures have lingered long after the civil war came to an end in 2003 Weak formal security institutions with a history of predatory behavior have contributed to the creation of an environment where informal initiatives for security and protection are called upon In fragile postwar settings former soldiers can be used as intimidators but have paradoxically reemerged as security providers challenging our understanding of both the setting and the actors beyond the sphere of war Based on original interview material and findings from fieldwork Repurposed Rebels follows former rebel soldiers from the time of civil war to 2013 These actors have reemerged as recycled warriors in times of regional wars and crisis and as vigilantes and informal

security providers for economic and political purposes Through these actors Mariam Bjarnesen examines the relevance of postwar rebel networks and ex combatant identity in contemporary Liberia with an eye to understanding the underlying aims of demobilization when reintegration is challenged Bjarnesen argues that these ex combatants have succeeded in reintegrating themselves due to not despite the fact that they have not been truly demobilized *Guardian Angel* Francis Murphy,2015-02-03 On the southwestern border of the United States a burst of violence catches the eye of James Thompson a retired Navy admiral turned intelligence officer After members of an international sex trafficking ring and several of their young victims are murdered the police are unable to solve the crimes prompting Thompson to dispatch his lead field researcher to investigate His appointee is a former elite Army soldier who lives by the motto that defending and protecting the weak is the duty of the strong As the now unnamed agent leaves for San Diego he is prepared to do whatever it takes to fulfill his mission The agent leverages his vast skillset to quickly connect several crimes and identify the likely perpetrators With the help of a small support team that include Thompson an intelligence analyst and a computer genius the agent uses multiple aliases to plunge into the sinister world of sex trafficking with the hope of bringing key members to justice Now only time will tell if his unorthodox and extreme methods of obtaining information will help him succeed or fail miserably *Guardian Angel* is the compelling tale of a covert agent on a determined mission to find fix and finish a worldwide sex trafficking operation before more innocent victims die
