We stand in our kitchens having a conversation with ourselves, hopefully silently. I don't have anything to make. What I planned doesn't sound good. I don't have any time to cook, let alone get to the store. Families across the country are continually searching for a way to make the process easier. Many get discouraged into pre-packaged complacency which doesn't satisfy any real cravings. Bookstores contain myriad cookbooks toting catch phrases like Quick and Simple or Cheap and Easy. The recipes may be quick but they often require readers to purchase random ingredients they'll never use again. As a result, home cooks find themselves burdened with cluttered pantries, refrigerators and cupboards filled with hundreds of dollars of cookbooks and specialty items like red pepper paste and are still left without an easy-to-use, versatile and effective system for getting dinner on the table. That's where Sarah Kallio, Stacey Krastins and The Stocked Kitchen comes in. The Stocked Kitchen is the first complete meal creation system with only one standard list of groceries. If your kitchen is Stocked with these ingredients, you will always have what you need to create any of the 300 delicious recipes found in this book. These recipes have been used for all of the authors' own dining needs, including meals for drop-in guests, special occasions and every night family dinners. The Stocked Kitchen encompasses all parts of the meal creation process, from shopping to storing to cooking to serving. The results are delicious, guest-worthy meals made from real, basic ingredients. Sarah and Stacey have proven The Stocked Kitchen system works. It has reduced their grocery bills, stress levels, trips to the market and food waste. Create more delicious meals while removing the handcuffs of pre-planning. One grocery list, endless recipes. *Recipe Encyclopedia* Susan Tomnay, 1997 From Cajun blackened fish to spaghetti carbonara, this complete A to Z guide of good food and good cooking includes recipes from all over the world. The book also includes special features on microwave cooking, cake decorating, freezing and more. The mouth-watering, full-color photographs and the clear, easy-to-understand, easy-to-follow recipes (more than 800) make this a must for every cook, from beginner to expert. **An Omelette and a Glass of Wine** Elizabeth David, 2009-07-19 A classic collection of articles, book reviews and travel essays from the best food writer of her time, Jane Grigson.
