Classroom Assessment for Student Learning Richard J. Stiggins, Judith A. Arter, Jan Chappuis, 2004 DVD includes video segments illustrating ideas and practices presented in the book and a CD ROM containing activities that facilitate individual or group learning back cover

Integrative Strategies for the K-12 Social Studies Classroom Timothy Lintner, 2013-03-01 While the concept of integration or an interdisciplinary curriculum has been around for decades the purposeful practice of integration is a relatively new educational endeavor Though classroom teachers often say they integrate there generally seems to be a lack of understanding of what this thing called integration is theory and what it is supposed to look like in the classroom practice Arguably no other discipline has felt the pressure to integrate more than social studies Marginalized by federal initiatives such as No Child Left Behind and suffering from a general crisis of credibility social studies has been pushed further and further to the proverbial back burner of educational importance Yet regardless of perspective or position social studies remains ripe for integration The crux of this book is to provide educators insights and strategies into how to integrate social studies with other discipline areas Calling upon national experts in their respective fields each chapter chronicles the broad relationship between individual content areas and social studies Multiple examples of integrative opportunities are included At the end of each chapter is a series of grade specific integrative lesson plans ready for implementation This book was purposefully designed as a how to hands on ready reference guide for educators at all stages and all levels of teaching

The New Politics of the Textbook Heather Hickman, Brad J. Porfilio, 2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and disability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production

Structured Literacy Interventions Louise Spear-Swerling, 2022-01-26 Comprehensive and evidence based Structured Literacy SL approaches place a high value on explicit systematic and sequential instruction This book brings together leading experts to present a wealth of SL interventions for different components of literacy Chapters describe
