

What Does College Mean to Me?

What does college mean to me? Going to college to me means a lifetime full of knowledge. College is an accomplishment that would give me success for the rest of my life. When I'm older I hope college will build on to my knowledge level and put me at the top! I want to be an anesthesiologist when I get older so that means I have to go to at least four years at a regular college hopefully USC, and then go to a doctoring school for at least 8 years. In order to achieve this goal I have to do well in school now to get the job in about 15-25 years.

College is a tool that I would have to have to get that job and I'm determined on getting it. I hope I'll be more successful and think more about my future then. College would be a great thing for me since almost none of my family went, well my mom did and then she dropped out. If I made it to college I would love to finish what my mom started and finish college and do what she wanted to do become an actual something and not just a receptionist/nurse at a doctor's office.

College would mean the world to me and my family and all my relatives support me in my work and think I would do very well in college if I focused more on my school work now so I hope to become better at paying attention and giving my all in all my classes especially my AVID class because that is the class that is making my dream come true. AVID is a program that gives kids a way to get to college by giving scholarships which is the only way I'd be able to go to college because my parents say that they can't afford for three kids to go to college.

My parents tell me that I have to work my hardest in this class and stay smart so maybe just maybe I won't have to pay but a small amount out of my pocket or even my parent's pockets. College would be a blessing to me and help my dream career become a reality! I hope that doing my work and working hard in my AVID class will get me there. My AVID teacher is also a big part of my college dream and she inspires me to want to go to college and I'm very thankful that she has helped me get my life straight and I'm set on what I want to do and what job I want to pursue and I'm ready for college and I'll do anything I can to get there.
