

The background of the book cover is a landscape photograph. It shows a dark, silhouetted foreground with some sparse vegetation. In the middle ground, there are rolling hills or mountains. The sky is filled with dramatic, dark clouds, and a bright, horizontal band of yellow and orange light stretches across the horizon, suggesting a sunset or sunrise.

## **Western Philosophy An Anthology 2nd Edition :**

**Western Philosophy** John G. Cottingham, 2021-07-02 The new edition of this celebrated anthology surveys the Western philosophical tradition from its origins in ancient Greece to the work of today's leading philosophers. **Western Philosophy An Anthology** provides an authoritative guided tour through the great tradition of Western philosophical thought. The seminal writings of the great philosophers along with more recent readings of contemporary interest are explored in 144 substantial and carefully chosen extracts, each preceded by a lucid introduction guiding readers through the history of a diverse range of key arguments and explaining how important theories fit into the unfolding story of Western philosophical inquiry. Broad in scope, the anthology covers all the main branches of philosophy: theory of knowledge and metaphysics, logic and language, philosophy of mind, the self and freedom, religion and science, moral philosophy, political theory, aesthetics, and the meaning of life. All in self-contained parts which can be worked on by students and instructors independently. The third edition of the **Anthology** contains newly incorporated classic texts from thinkers such as Aquinas, Machiavelli, Descartes, William James, and Wittgenstein. Each of the 144 individual extracts is now followed by sample questions focusing on the key philosophical problems raised by the excerpt and accompanied by detailed further reading suggestions that include up-to-date links to online resources. Also new to this edition is an introductory essay written by John Cottingham which offers advice to students on how to read and write about a philosophical text. Part of the Blackwell Philosophy Anthologies series, **Western Philosophy An Anthology Third Edition** remains an indispensable collection of classic source materials and expert insights for both beginning and advanced university students in a wide range of philosophy courses. **Western Philosophy** John G.
