**Credit Card Risks Crash Course** IntroBooks, 2018-02-19 A credit card happens to be one of the most contentious products amongst all the monetary tools that are accessible Most people pay their expenses using credit cards However the leaders and financial experts about using credit cards have completely mixed reviews In fact there are some who are adamant on destroying the powers of this financial instrument A credit card is merely a tool and whether or not its services are detrimental or obliging depends on how the users use this tool A credit card may not be something for everyone If someone lacks the quality of self control or responsibility then a credit card may not be their piece of cake **Review of**

**Credit Card Use** ,1999 **U.S. Credit Card Industry** United States. General Accounting Office, 1994 Credit card interest rates in the United States hovered at about 18 percent for years despite wide fluctuations in the amount that lenders paid for money that they loaned out known as the cost of funds The wide spread between the cost of funds and average credit card interest rates since the late 1980s has reignited congressional concern about the adequacy of price competition among credit card issuers This report reviews the 1 assessments of whether the industry s structure supports competition 2 explanations that have been offered for the credit card industry s relatively stable interest rates and high earnings and 3 proposed interest rate cap or other policy options GAO concludes that a nationwide interest rate cap could lower the cost of credit card borrowing for some cardholders but it might also prompt the cancellation of cards and restrict credit for cardholders who present higher default rates **Banking and Investments, Credit Card Ownership/usage** ,1985\*
