The Lost Books of the Bible Frank Crane, 2011-05 YOU will find between these covers all the ecclesiastical writings of early Christian authorities that are known to exist and yet were omitted from the authorized New Testament They are published here as a matter of record Whether they are canonical or not at least these writings are of very great antiquity Origins are noted in paragraphs at the front of each book This will enable the reader to form his own conclusions as to the genuineness of the writings These writings are a vivid picture of the minds of men in the post Apostolic period of the Church Discount the statements from the historical viewpoint as you will there remains in these gospels and epistles an earnestness of purpose and zeal to express a message similar to that of our authorized Bible An interesting question naturally arises as to why these writings were cast out in the selection of the material that has come down to us in the authorized version The compilation of the Bible was not an act of any definite occurrence It was a matter complicated and abstruse It was an evolution at the hands of Churchmen of various beliefs and purposes In the formulation of early church doctrines there was dissension personal jealousy intolerance persecution bigotry That out of this welter should have arisen the Bible with its fine inspiration would seem to present a plausible basis for belief in its Divine origin But who can deny that under such vicious

and human circumstances much writing of as pure purpose and as profound sincerity as other that is included in the authorized Bible must have been omitted The story of the first council of Nice when Arius was commanded by the Bishop of Alexandria to quit his beliefs or be declared a heretic and his writings were ordered destroyed is eloquent of many things that happened Good men were engaged on both sides of the ecclesiastical controversies *Lost Books of the Bible and the Forgotten Books of Eden* Thomas Nelson,2021-11-16 In *Lost Books of the Bible and the Forgotten Books of Eden* you can read for yourself many of the manuscripts which were excluded from canonized Scripture and discover new appreciation for those which were chosen Though apocryphal in nature many of them suppressed by the early Church Fathers these forgotten books gospels testaments and epistles are fascinating and beautifully written Included in this volume are Apocryphal gospel accounts such as The Gospel of the Birth of Mary Thomas s Gospel of the Infancy of Christ and Peter s Gospel Apocryphal epistles such as Paul s letter to the Laodiceans Clement s letter to the Corinthians and the general epistles of Barnabas Letters from Ignatius to groups of early Christians including the Ephesians the Romans and the Trallians The early 2nd century Christian work The Shepherd of Hermas Roman letters and reports from Herod and Pilate Fables from Old Testament times such as The Books of Adam and Eve The Secrets of Enoch and the Psalms of Solomon Historical accounts including the fourth book of the Maccabees and more Included before each book are some notes on its origins Also included are frequent black and white images of etchings from early manuscripts
