relatives But now this is no longer limited to one's circle of friends family or small surveys it has spread globally to online social media in the form of blogs posts tweets social networking sites review sites and so on Though not always easy the transition from surveys to social media is certainly lucrative Business analytical reports have shown that many organizations have improved their sales marketing and strategy setting up new policies and making decisions based on opinion mining techniques

Innovation for Society Marianne Chouteau, Joelle Forest, Céline Nguyen, 2020-11-03 In a context marked by unprecedented challenges the struggle against inequalities climate change etc innovation appears to be the readymade universal scapegoat Innovation for Society however suggests that we look at innovation differently by inviting us to innovate with consciousness To do this the authors introduce an approach they call *Penser le Sens de l'Innovation P S I* or thinking about the meaning of innovation comprising a set of tools largely from the humanities and social sciences observation cartography creativity storytelling etc to lead us to this meaning By considering the question of meaning from the point of view of both direction and signification the authors rehabilitate the eminently political question of knowing which innovations we choose for which societies

India's Economy and Society Sunil Mani, Chidambaran G. Iyer, 2021-07-09 This book is a collection of fifteen contributions that undertake a detailed analysis of seven broad dimensions of India's economy and society All the contributions approach the problems in their respective areas empirically while being theoretically informed The book begins with a section containing detailed and empirically supported chapters on the recent crisis in India's agricultural sector and the reforms in the agricultural markets Another section is dedicated to the issue of infrastructure financing and new ways of financing large infrastructural projects are critically examined Other sections are related to innovations and technology impacts on industry international trade health and education labor and employment and the very important issue of gender The selected discussion topics are both of contemporary importance and expected to remain so for some time Most of the chapters introduce readers to data in addition to methods of analyzing this data to arrive at policy oriented conclusions The rich collection carries learnings for researchers working on a wide range of topics related to development studies as well as for policymakers and corporate watchers
