conference has finished *Seeking the Truth from Mobile Evidence* John Bair, 2017-11-17 Seeking the Truth from Mobile Evidence Basic Fundamentals Intermediate and Advanced Overview of Current Mobile Forensic Investigations will assist those who have never collected mobile evidence and augment the work of professionals who are not currently performing advanced destructive techniques This book is intended for any professional that is interested in pursuing work that involves mobile forensics and is designed around the outcomes of criminal investigations that involve mobile digital evidence Author John Bair brings to life the techniques and concepts that can assist those in the private or corporate sector Mobile devices have always been very dynamic in nature They have also become an integral part of our lives and often times a digital representation of where we are who we communicate with and what we document around us Because they constantly change features allow user enabled security and or encryption those employed with extracting user data are often overwhelmed with the process This book presents a complete guide to mobile device forensics written in an easy to understand format Provides readers with basic intermediate and advanced mobile forensic concepts and methodology Thirty overall chapters which include such topics as preventing evidence contamination triaging devices troubleshooting report writing physical memory and encoding date and time stamps decoding Multi Media Messages decoding unsupported application data advanced validation water damaged phones Joint Test Action Group JTAG Thermal and Non Thermal chip removal BGA cleaning and imaging In System Programming ISP and more Popular JTAG boxes Z3X and RIFF RIFF2 are expanded on in detail Readers have access to the companion guide which includes additional image examples and other useful materials *Confessions of the Pricing Man* Hermann Simon, 2015-10-20 The world's foremost expert on pricing strategy shows how this mysterious process works and how to maximize value through pricing to company and customer In all walks of life we constantly make decisions about whether something is worth our money or our time or try to convince others to part with their money or their time Price is the place where value and money meet From the global release of the latest electronic gadget to the bewildering gyrations of oil futures to markdowns at the bargain store price is the most powerful and pervasive economic force in our day to day lives and one of the least understood The recipe for successful pricing often sounds like an exotic cocktail with equal parts psychology economics strategy tools and incentives stirred up together usually with just enough math to sour the taste That leads managers to water down the drink with hunches and rules of thumb or leave out the parts with which they don't feel comfortable While this makes for a sweeter drink it often lacks the punch to have an impact on the customer or on the business It doesn't have to be that way though as Hermann Simon illustrates through dozens of stories collected over four decades in the trenches and behind the scenes A world renowned speaker on pricing and a trusted advisor to Fortune 500 executives Simon's lifelong journey has taken him from rural farmers markets to a distinguished academic career to a long second career as an entrepreneur and management consultant to companies large and small throughout the world Along the way he has learned from Nobel Prize winners and leading management gurus and helped

countless managers and executives use pricing as a way to create new markets grow their businesses and gain a sustained competitive advantage He also learned some tough personal lessons about value how people perceive it and how people profit from it In this engaging and practical narrative Simon leaves nothing out of the pricing cocktail but still makes it go down smoothly and leaves you wanting to learn more and do more as a consumer or as a business person You will never look at pricing the same way again
