McCurry's War Chuck Thompson, 2012-10 Coming of age during the Vietnam War Mike McCurry decides to join the U S Army rather than be drafted or take a flight to Canada He is assigned to the Army Security Agency and begins a life of covert operation as a voice interceptor In the late 1960s McCurry arrives at Teufelsberg a super secret listening station in West Berlin McCurry and his fellow operatives have direct access to some of the most sensitive conversations of top officials of the East German government's Central Committee in East Berlin Unfortunately McCurry's group of interpreters and analysts are supervised by regular Army personnel who have no idea of the tasks being carried out by those under their command McCurry's supervisors are more interested in how their troops perform on the drill field than how they are fulfilling their assigned intelligence mission and that doesn't sit well with McCurry when national security is at stake It doesn't take him long to recognize that it will require a combination of guile and humor to overcome the obstacles put in his path by clueless supervisors But the incompetence of the leadership ultimately becomes deadly forcing McCurry to make a choice between following orders or facing a court martial

DUNIA E-Magazine 10th Edition ,

State of Repression Lisa Blaydes, 2020-10-06 A new account of modern Iraqi politics that overturns the conventional wisdom about its sectarian divisions How did Iraq become one of the most repressive dictatorships of the late twentieth century The conventional wisdom about Iraq's modern political history is that the country was doomed by its diverse social fabric But in *State of Repression* Lisa Blaydes challenges this belief by showing that the country's breakdown was far from inevitable At the same time she offers a new way of understanding the behavior of other authoritarian regimes and their populations Drawing on archival material captured from the headquarters of Saddam Hussein's ruling Ba'ath Party in the wake of the 2003 US invasion Blaydes illuminates the complexities of political life in Iraq including why certain Iraqis chose to collaborate with the regime while others worked to undermine it She demonstrates that despite the Ba'athist regime's pretensions to political hegemony its frequent reliance on collective punishment of various groups reinforced and cemented identity divisions At the same time a series of costly

external shocks to the economy resulting from fluctuations in oil prices and Iraq's war with Iran weakened the capacity of the regime to monitor, co-opt, coerce and control factions of Iraqi society. In addition to calling into question the common story of modern Iraqi politics, *State of Repression* offers a new explanation of why and how dictators repress their people in ways that can inadvertently strengthen regime opponents. *Global Networks and Innovation in China* Tian Wei, Maoliang Bu, 2021-07-19

After almost twenty years of internationalization, Chinese firms have shown their growing innovation capability through benefiting from global networks and domestic efforts. However, how Chinese firm innovation is facilitated at the international and domestic levels remains to be understood. This book investigates innovation in China from three aspects. First, starting at the international level, the effects of Chinese foreign linkages in innovation are examined from the relationship view and the foreign ownership perspective. Second, before moving to the domestic level, the moderating role of global networks, e.g., global supply chain collaboration, is examined to understand the relationship between competition of unregistered firms and innovation of registered firms. Third, at the domestic level, innovation is studied from both upstream and downstream of the value chain: consumers' decision making in innovative products and strategic choices and environmental constraints for product innovation. Collectively, this book actively investigates innovation in China at international and domestic levels. It investigates how the global networks contribute to innovation in China and how domestic Chinese firms strengthen their innovation capability. The volume thus makes an important attempt to extend existing knowledge on this subject and provides new insights to scholars and practitioners. The chapters in this book were originally published as a special issue of *International Studies of Management Organization*. *International Conference of Psychology: International Conference on Indigenous Treatment and Contemporary Psychology (ICoP 2022)* Fonny Hutagalung, Moordinarsih, Moordinarsih, Uichol Kim, Oyaziwo Aluede, Akira Tsuda, 2023-06-23

Indigenous psychology seeks to understand humans based on the context in which humans live, grow and develop and understand patterns of thinking, feeling and behaving. Cultural values and local wisdom in humans' lives become the contexts that influence humans in thinking, feeling and behaving. *International Conference on Indigenous Treatment and Contemporary Psychology (ICITCP 2022)* aims to develop knowledge on various indigenous treatments carried out in various parts of the world and to build connection with the latest developments of science in contemporary psychology. **Research Handbook on the Sociology of Organizations**
