It represents decades of enjoying and working with food and the people I love most in this world. Rachael, there's something comforting and heartwarming about a heaping plate of perfectly cooked spaghetti with tender meatballs covered in a luscious dark red tomato sauce. Now Rachael Ray invites you into her home to share her family's culinary history and the recipes that have shaped her life and career. For Rachael, Italian food—spinach, gnocchi, linguine, puttanesca, chicken, saltimbocca, pizza capricciosa—has the power to summon cherished happy memories. In this one indispensable book, she has brought together signature recipes for the traditional Italian staples that she grew up with and still cooks for her family and friends today. From arancini to saffron gnocchetti sardi, from small bites to hearty meals, from her sister's favorite Italian desserts to her husband's Italian ingredient-inspired cocktails, here is a treasury of delicious dishes to prepare with love and devour with gusto. From overwintering with monarch butterflies in Mexico to counting birds in Belize, the stories in *Wild Spectacle* capture her luckiest moments: ones of heart-pounding amazement, discovery of romance, and moving toward living more wisely. In Ray's worst moments, she crosses boundaries to encounter danger and embrace sadness. Anchored firmly in two places Ray has called home—Montana and southern Georgia—the sixteen essays here span a landscape from Alaska to Central America, connecting common elements in the ecosystems of people and place. One of her abiding griefs is that she has missed the sights of explorers like Bartram, Sacagawea, and Carver; flocks of passenger pigeons; routes of wolves; herds of bison. She craves a wilder world and documents encounters that are rare in a time of disappearing habitat, declining biodiversity, and a world too slowly coming to terms with climate change. In an age of increasingly virtual urban life, Ray embraces the intentionality of trying to be a better person, balanced with seeking out natural spectacle, abundance, and less-trammeled environments. She questions what it means to travel into the wild as a woman, speculates on the impacts of ecotourism, and travel in general, questions assumptions about eating from the land, and appeals to future generations to make substantive change. *Wild Spectacle* explores our first home, the wild earth, and invites us to question its known and unknown beauties and curiosities      **Burger Parties** James McNair, Jeffrey Starr, 2012-07-11 Each year, thousands of cooks from coast to coast compete in Sutter Home Winery's Build a Better Burger Recipe Contest.
