Radical Islam Defense:

Islamist Insurgents on the Defensive Dave Dilegge, 2018-02-28 This work is the fourth Small Wars Journal anthology focusing on radical Sunni Islamic terrorists and insurgent groups. It covers this professional journal's writings for 2016 and is a compliment to the earlier Global Radical Islamist Insurgency anthologies that were produced as Vol I 2007-2011 published in 2015 and Vol II 2012-2014 published in 2016 and Jihadi Terrorism Insurgency and the Islamic State spanning 2015 published in 2017. This anthology which offers well over six hundred pages of focused analysis follows the same general conceptual breakdown as the earlier works and is divided into two major thematic sections: one focusing on al Qaeda and Islamic state activities in 2016 and the other focusing on US Allied policies and counterinsurgent strategies. **The Essence of Islamist Extremism** Irm Haleem, 2011-11-23 This book provides a critical and a conceptual analysis of radical Islamist rhetoric drawn from temporally and contextually varied Islamist extremist groups challenging the popular understanding of Islamist extremism as a product of a clash of civilizations. Arguing that the essence of Islamist extremism can only be accurately understood by drawing a distinction between the radical Islamist explanations and justifications of violence, the author posits that despite the radical Islamist contextualization of violence within Islamic religious tenets, there is nothing conceptually or distinctly Islamic about Islamist extremism. She engages in a critical analysis of the nature of reason in radical Islamist rhetoric, asserting that the radical Islamist explanations of violence are conceptually reasoned in terms of existential Hegelian struggles for recognition as fundamentally struggles against oppression and the radical Islamist justifications of violence are conceptually reasoned in terms of moral consequentialism. With a detailed analysis of Islamist extremist discourse spanning a wide range of contexts, this book has a broad relevance for scholars and students working in the field of Islamic studies, religious violence, philosophy and political theory. **Global Radical Islamist Insurgency: AL QAEDA AND ISLAMIC STATE NETWORKS FOCUS** Dave Dilegge and Robert J. Bunker, 2016-02-11 This anthology, the second of an initial two volume set, specifically covers Small Wars Journal writings on Al Qaeda and the Islamic State spanning the years 2012-2014. This set is meant to contribute to US security debates focusing on radical Islamist global insurgency by collecting diverse SWJ essays into more easily accessible formats. Small Wars Journal has long been a leader in insurgency and counterinsurgency research and scholarship with an emphasis on practical applications and policy outcomes in furtherance of US global and allied nation strategic interests. The site is able to lay claim to supporting the writings of many COIN counterinsurgency practitioners. This includes Dr David Kilcullen whose early work dating from late 2004, *Countering Global Insurgency*, helped to lay much of the conceptual basis focusing on this threat and as a result greatly helped to facilitate the writings that were later incorporated into these Al Qaeda and Islamic State focused anthologies. This volume is composed of sixty-six chapters divided into sections on a radical Islamist OPFORs, opposition forces and context and b US allied policy and counter radical Islamist strategies. The work also contains a preface by Matt Begert and a foreword by

Dr Daveed Gartenstein Ross and Bridget Moreng an introduction a postscript an extensive notes section and editor and contributor biographies on sixty four individuals as well as an acronyms listing and an initial About SWJ and foundation section

Defending Traditional Islam in Indonesia Syamsul Rijal,2023-12-01 Defending Traditional Islam in Indonesia examines the rise of young preachers of Arab descent habaib and their sermon groups in the region and shows how Islam and politics coexist flourish interlace and strive in Indonesia in complex pragmatic and mutually beneficial relationships The book argues that the emergence of Arab preachers in the late 1990s when traditional forms of Islamic authority came under growing challenge from a diverse array of Muslim groups and ideologies is closely tied to contestation between traditionalists and their puritanical rivals the Salafi Wahhabi Not only have the habaib featured prominently in defending traditionalism they have also used this contestation as an opportunity to build their authority and religious capital through marketisation and their ties to the Middle East The author explores the ways in which habaib promote themselves to the mostly young urban Muslim community and also analyses the use of new media and marketing strategies by habaib to attract young followers The use of merchandise utilising popular culture and group identity markers is especially salient in the preachers outreach to urban audiences In addition public staging and entertainment during preaching activities are means by which the habaib cast their Islamic preaching dakwah as the Prophet s mission and encourage their followers participation A novel socio cultural and religious study and a contribution to the growing discussion on new media market and religion this book will be of interest to anthropologists social scientists and area studies scholars interested in Indonesia Southeast Asia and Islamic studies

In Defense of the Faithful C. DeVold,2006-12 In Defense of the Faithful The Scriptural Truth of Catholicism was written as an aggressive defense of the Catholic Faith It explores the foundations and historic origins of Catholic doctrine from an evangelical fundamentalist and reformed Protestant point of view It offers the teachings of the Church in common language then defends the position with scriptural quotations from throughout the Holy Bible It then quotes the Catechism formal teaching doctrine of the Catholic Church offering a factual presentation of what the Church actually teaches rather than what many people think it teaches In doing so it is critical not only of Protestantism but some aspects of Catholicism in practice as well It credits and praises both groups of Christians as being believers dedicated to Jesus and the Trinity while pointing out the mutual failures of both groups It is a thought provoking examination of Catholic doctrine practice theology and ethics from a biblical viewpoint and

is not afraid to point fingers at all parties involved in greater Christianity Understanding Jihad David Cook, 2015-09 First published in 2005 Understanding Jihad unraveled the tangled historical intellectual and political meanings of jihad within the context of Islamic life In this revised and expanded second edition author David Cook has included new material in light of pivotal events over of the past ten years such as the revolutionizing events of the Arab Spring the death of Osama bin Laden and the rise of new Islamic factions such as ISIL Jihad is one of the most loaded and misunderstood terms in the news today Contrary to popular understanding the term does not mean holy war This judiciously balanced accessibly written and highly relevant book looks closely at a range of sources from sacred Islamic texts to modern interpretations of the term opening a critically important perspective on the role of Islam in the contemporary world As David Cook traces the practical and theoretical meanings of jihad he cites from scriptural legal and newly translated texts to give readers a taste of the often ambiguous information that is used to construct Islamic doctrine He looks closely at the life and teaching of the Prophet Muhammad and at the ramifications of the great Islamic conquests in 634 to 732 A D He sheds light on legal developments relevant to fighting and warfare and places the internal spiritual jihad within the larger context of Islamic religion He describes some of the conflicts that occur in radical groups and shows how the more mainstream supporters of these groups have come to understand and justify violence He has also included a special appendix of relevant documents including materials related to the September 11 attacks and published manifestos issued by Osama bin Laden and Palestinian suicide martyrs Provided by publisher **Jihad, Radicalism, and the New Atheism** Mohammad Hassan Khalil, 2018 This book compares the conflicting and consequential interpretations of jihad offered by mainstream Muslim scholars violent Muslim radicals and New Atheists **U.S. Army War College Key Strategic Issues List** , 2006 In today s dynamic strategic environment political changes can become challenges very quickly Any list of key strategic issues must therefore include the broadest array of regional and functional concerns This is a catalogue of significant issues arranged as potential research topics of concern to U S policymakers KSIL entries are intended to be general enough for researchers to modify or expand appropriately and to adapt to a variety of methodologies While the list of general topics is broad it is neither comprehensive nor restrictive Researchers are encouraged to contact any of the SSI points of contact or those found in the Expanded KSIL for further information regarding their desired topics These points of contact are not necessarily subject experts but can recommend experts or additional sponsors **Al-Qaeda's Post-9/11 Devolution** Anthony Celso, 2015-08-27 This examination of al Qaeda s decline since the 9 11 attacks focuses on the terror organization s mutation and fragmentation It looks at its partnership with the local and regional jihadist networks that played a pivotal role in the Madrid London and Fort Hood attacks arguing that although initially successful such alliances actually unraveled following both anti terror policies and a growing rejection of violent jihadism in the Muslim world Challenging conventional theories about al Qaeda and homegrown terrorism the book claims that jihadist attacks are now organized by overlapping international and regional

networks that have become frustrated in their inability to enforce regime change and their ideological goals The discussion spans the war on terror analyzing major post 9 11 attacks the failed jihadist struggle in Iraq al Qaeda s affiliates and the organization s future prospects after the death of Osama Bin Laden and the Arab Spring This assessment of the future of the jihadist struggle against Muslim governments and homegrown Islamic terrorism in the West will be an invaluable resource to anyone studying terrorism and Islamic extremism

Statecraft Dennis Ross,2007-06-12 How did it come to pass that not so long after 9 11 brought the free world to our side U S foreign policy is in a shambles In this thought provoking book the renowned peace negotiator Dennis Ross argues that the Bush administration s problems stem from its inability to use the tools of statecraft diplomatic economic and military to advance our interests Statecraft is as old as politics Plato wrote about it Machiavelli practiced it After the demise of Communism some predicted that statecraft would wither away But Ross explains that in the globalized world with its fluid borders terrorist networks and violent unrest statecraft is necessary simply to keep the peace In illuminating chapters he outlines how statecraft helped shape a new world order after 1989 He shows how the failure of statecraft in Iraq and the Middle East has undercut the United States internationally and makes clear that only statecraft can check the rise of China and the danger of a nuclear Iran He draws on his expertise to reveal the art of successful negotiation And he shows how the next president could resolve today s problems and define a realistic ambitious foreign policy Statecraft is essential reading for anyone interested in foreign policy or concerned about America s place in the world
