Ponder Daniel

Roberts, 2024-10-08 A darkly comic tale of love and loss in Walt Disney World at the turn of the millennium. Murray Cheese Marks and John Apple, his slimmer richer more single friend, have chosen the happiest place on Earth for their annual boys trip. Disney World may seem like a strange choice for two grown men on a glorified binge drinking trip, it is. But Cheese has never been and his wife allows him this expense free trip. The Magic Kingdom was the last place John saw his parents before they died in a plane crash. John Apple was twelve then and wanted to return before he turned thirty. Cheese and John's buddy comedy turns into a love triangle drama when they meet a beautiful free spirited southern Belle named Virginia. John and Cheese quickly fall in love but Virginia's parents inexplicably push her not toward the handsome single millionaire but toward Cheese. And Cheese can't help but encourage it at least until his wife and John's ex descend on Florida. Ponder is the second novel from Daniel Roberts, author of the USA Today bestselling Bar Maid and showcases the same sardonic style that Kirkus praised as old school slightly surreal humor that has a dash of Barthelme or Perelman.

**Disco** Frank DeCaro, 2024-10-15 This dazzling volume shines new light on the songs, styles and enduring pop culture impact of the 1970s musical genre that emerged from Black and Latin queer culture to take the world by storm. Half a century after the drug fueled DJ driven glamour drenched musical phenomenon of disco was born at a New York City loft party, disco's musical and fashion influences live on in popular culture. This is a frolicking entertaining yet serious tribute to the overlooked art form of disco which has never been given its proper due nor taken its true place in the historic struggle for LGBTQ gender and racial equality. Painting a vivid portrait of this provocative era, DeCaro explores the cultural importance of disco and how the music and dance that originated in queer Black and Latin clubs of the day became a

mainstream phenomenon changing our culture along the way With glamorous photos from disco s heyday up through today DeCaro examines disco s pervasive influence on pop culture over the last fifty years exploring disco in film and television as well as in fashion and interior design Through entertaining texts as well as interviews with artists and celebrities of the era such as Donna Summer and Grace Jones among others this book champions the diverse origins of disco while celebrating its influence on today s groundbreaking artists such as Lady Gaga Dua Lipa and Miley Cyrus A must for all lovers of music style and pop culture     **Computer Currents** ,2000     *Country Home* ,2004     Gardening at Eden Matthew Biggs,2006
