Written for practitioners and regulators new to the collective investment funds business, it explores every aspect of a fund's structure and operation from how it is valued and priced through to the importance of its regulatory, fiscal, and accounting regimes and finally the effect these can have on market development. Provides a comprehensive review of collective investment fund operations. Examines key factors in building a successful investment fund business. Contains practical examples, questions, and case studies illustrating current developments in the industry worldwide.

RTI Strategies for Secondary Teachers Susan Gingras Fitzell, 2011-09-21

Fitzell, a teacher, speaker, and educational consultant specializing in special education and response to intervention, shows classroom teachers and intervention specialists at the secondary level how to use research-based response to intervention strategies in math, vocabulary, reading comprehension, writing, and across the curriculum. After details on response to intervention in general, its efficacy, and the evidence supporting its use in secondary education, each chapter outlines two or more strategies through sample lesson plans that have been reformatted to follow response to intervention, with discussion of the research on their effectiveness and instructions for implementation of lessons and extension activities for all three tiers. The last chapter addresses acceleration centers.
