The Textual Development of the Qumran Community Rule Sarianna Metso, 2018-11-26 This volume is concerned with tracing the different stages in the formation of the Qumran Community Rule in the light of the material from Cave 4 that has only recently become available The first part of this ground breaking work is devoted to determining the differences between the manuscripts of the Community Rule found in Caves 1 4 and 5 The second part deals with the relationship between the various versions of the Community Rule The third part aims at creating an overall picture of the literary development of this document and includes a discussion of the different elements within it as well as a comparison of the parallel passages which reflect different stages in the redaction of the document *The manual of discipline* Manual of discipline. English, 1957

The Didache Aaron Milavec, 2003 In this study Aaron Milavec comprehensively examines how the first century pastoral manual known as the Didache enumerated the step by step training of converts for the full active participation in the earliest Jewish Christian communities Milavec shows how the Didache can in turn illuminate our understanding of how these first Christian men and women organized their community life socially religiously and politically in order to safeguard its members from the challenges of the surrounding Roman pagan society of the first century Mediterranean basin He argues not only that the Didache's textual and contextual clues demonstrate the document's organic unity from beginning to end but also that it dates from a period before the gospels were written and had gained acceptance
