

A red rose with green leaves is positioned in the upper right corner of the image. The rose is set against a dark, reflective background that shows its reflection. The overall scene is dimly lit, with a soft light source from the left creating a gradient from dark grey to light tan across the bottom.

**Jamieson, Fausset, and Brown Commentary on the Whole Bible, Deluxe Edition** Jamieson, Fausset, and Brown,

This is the Deluxe Edition of Jamieson Fausset and Brown's Commentary. It is a verse by verse account of the Bible with great scholarly insight and attention to the historic teachings of Orthodox Christianity. It has great attention to detail while bringing clarity to the full meaning and inferences of words, verses and passages, offering an in-depth understanding of the Bible. Though detailed, it is not overly technical, making it one of the core books for ministers and laity alike. This four-volume set is well known for its scholarship and accurate understanding of the Scriptures. C. H. Spurgeon's opinion of the work was so great that he said it contains so great a variety of information that if a man had no other exposition, he would find himself at no great loss if he possessed and used it diligently. Some of its key features are: An introduction to each book of the Bible supplying a complete summary of the context; An in-depth understanding of the original biblical languages making comparison to modern language easy; Extensive cross-referencing throughout the text linking passages and their meanings; Exposition of words and phrases in boldface enabling quick definition; An easy-to-follow format. Published by Delmarva Publications, this handsome one-volume has all of the 9 volumes of the commentary included. It has an easy-to-read typeface and includes a well-organized layout providing ease of transition from passage to passage. Its interior style matches its cover, providing continuity and an attractive combination. All volumes have a linked table of contents to help you quickly and easily navigate to your desired scripture. It has been proofread many times to make it one of the most accurate e-text versions available.

**Unraveling Resident Evil** Nadine Farghaly, 2014-04-29 Resident Evil is a multidimensional as well as multimedia universe. Various books, graphic novels, games and movies: the fifth one came out in 2012, all contribute to this enormous universe. The new essays written for this volume focus on this particular zombie manifestation and its significance in popular culture. The essayists come from very different fields, so it was possible to cover a wide range and discuss numerous issues regarding this universe. Among them are game theory, the idea of silence as well as memory, the connection to iconic stories such as Alice in Wonderland, posthumanism and much more. A lot of ground is covered that will facilitate further discussions not only among Resident Evil interested persons but also among other zombie universes and zombies in general. Most of these essays focus on the female figure Alice, a character revered by many as a feminist warrior.
