

Peperiksaan Akhir Tahun  
English Year 3 2018  
Paper 1 (Pemahaman)

NAME : \_\_\_\_\_

CLASS : \_\_\_\_\_

- a)  
i- Read the passage below and answer the questions that follow. Circle the correct answer.

THE HOLIDAYS

Last Friday, Sarah and her family went to Penang. They woke up early and got ready. The four of them took a taxi to the bus station. The taxi driver was their neighbour, Uncle Rahim.

At the bus station, they boarded a bus to Butterworth. Sarah was asleep most of the way. At Butterworth, they took a ferry to the island. Sarah and her sister saw a jellyfish in the sea. They were so excited. When they reached the island, they took a red van to their hotel.

- Where did Sarah and her family go last Friday?  
A. Butterworth                      B. Island                      C. Penang
- Who was the taxi driver?  
A. Aunt Sarah                      B. Uncle Rahim                      C. Uncle Roslan
- How did Sarah and her family go to the island?  
A. by a ferry                      B. by a taxi                      C. by a van
- What did Sarah and her sister see in the sea?  
A. shark                      B. jellyfish                      C. dolphins
- What colour was the van that took them to the hotel?  
A. blue                      B. red                      C. yellow

This workbook is designed for students of Class VII having aspiration of preparing for NTSE and IMO Some of the basic content areas assigned in National Curriculum Framework are incorporated in this workbook This book cannot replace any textbook of the referred standard of National Curriculum It will be an added content upon the prescribed ones for developing and strengthening the basic understanding of mathematical concepts that the fellow students want to aspire for It will also confer the regular mathematical practice with which one should move for reducing any specific problems related to the understanding of mathematical concepts Mathematics deals with some fundamental aspects related to time and space We all learn different rules and related operations starting from our elementary stage of schooling Different students take the subject differently as per their interest and willingness Some students calculate values with adequate speed and some other students do the same with lot of difficulties We also point out the development of fear related

to Mathematics in the mind of some of the fellow students We cannot analyse the possible reasons of the development of such fear in the mind of students This development cannot be generalised It is not developed in the minds of all the fellow students Things often become difficult when our fellow ward fail to correlate the linkages of real life problems with that of mathematical ones It is the main reason of the lack of proper orientation in the process of the development of mathematical skills A skilful student can correlate both the aspects of mathematics and real life problems with much efficiency A skilful student of mathematics should be a good observer a perfect planner optimum analyser and abled calculator Some students can take much time in solving any individual mathematical problem that compared to the time taken by the other fellow from the same peer group This book is designed to expose a student to different types of mathematical problems from the allied fields of the curriculum specified for the middle school It is expected that this workbook can equip a student in different ways and enable them to acquire mathematical skills with a long lasting impression in mind It is true that we cannot remember hundreds and thousands of different types of problems related to mathematics We must try to equip ourselves differently for addressing all sorts of numerical and space related problems Daily Practice Problem DPP series of publications deals with facilitation of fellow students and their associates This workbook is suitable for students of class 3 of National Curriculum It can be used by other fellow students of Primary section for improving their mathematical skills It can be used by students who are willing to opt for IMO NTSE and other similar examinations It will also develop the basic understanding related to Mathematical Skills It will enhance the competency set up of those students and equip them differently so as to make them competent for addressing higher challenges Focus is entirely made on the content areas which felt difficult for students under observation

*Revise IGCSE Mathematics* Mark Patmore, Brian Seager, 2007-10-25 Physics Chris Carter, 2001

Frustrated with exam guides that provide mainly content and only a few questions Or the opposite with just practice questions but with no content for support Oxford Facts and Practice are here to help and they do just what they say on the cover give facts and practice for A Level All that students need to know in 56 pages Designed for the new A and AS Level specifications each book starts with tips on exam technique and a description of the main specifications The authors all work in a tutorial college and are very experienced in preparing students for examinations from all of the exam groups The books have been extensively trialled to ensure that they provide lucid explanations at the right level of detail
