

## Text Structure Signal Questions & Signal Words

Cause and Effect	Compare and Contrast	Sequence	Problem and Solution	Description
				
Cause is why something happened. Effect is what happened. (Sometimes the effect is listed first.)	Shows how two or more things are alike and/or how they are different.	Describes items or events in order or tells the steps to follow to do something or make something.	Tells about a problem (and sometimes says why there is a problem) then gives one or more possible solutions.	A topic, idea, person, place, or thing is described by listing its features, characteristics, or examples.
Signal Questions				
What happened? Why did it happen? What caused it to happen?	What things are being compared? In what ways are they alike? In what ways are they different?	What items, events, or steps are listed? Do they have to happen in this order? Do they always happen in this order?	What is the problem? Why is this a problem? Is anything being done to try to solve the problem? What can be done to solve the problem?	What specific topic, person, idea, or thing is being described? How is it being described (what does it look like, how does it work, what does it do, etc.)? What is important to remember about it?
