explain as to what he/she understood from the passage. If his/her understanding was the same as is in the Arabic Text of the Holy Qur'an then we concluded that we have been successful in conveying the Divine Message properly. If his/her understanding was different than what the Qur'anic verses were stating we kept on rewording the translation until those verses were understood properly. It was tremendous patience on part of the participants. May Allah reward them all. 2 Simplicity In this translation Simple Language and Direct Approach is used for appealing to the common sense of scholars and common people. 3 Understandability There are no foot notes to refer and no commentary or lengthy explanations to read. All necessary explanations have been incorporated right there in the text with italic type setting to differentiate from the translation of the meanings of Qur'anic Arabic Text. 4 Outline of Pertinent Information Before the start of each Srah information relating to its Period of Revelation Major Issues Divine Laws and Guidance has been presented as an outline. Then a summary of the preceding events has been tabulated for the reader to understand the historical background to grasp the full meaning of the Divine Message. 5 Reviews Input and Approvals This project was started in 1991 and initial draft completed in 1994.
