Grammar in ELT and ELT Materials Graham Burton,2023-06-06 This book investigates the content of the grammar syllabus typically employed in mainstream English Language Teaching Using a mixed methods approach the author examines how the syllabuses used in coursebooks are actually constructed how they evolved and how valid their contents are as a basis for teaching The research reported consists of a broad exploration of primary sources in order to outline the evolution of ELT pedagogical grammar ten interviews with key ELT authors and publishing professionals which allows for the investigation of the decision making processes underlying the choice of grammar content in ELT teaching materials and finally the presentation of case studies which examine three areas of grammar analysing the evolution of their treatment in ELT materials both historical and contemporary and comparing their current treatment to data on real learner use This book contributes to the literature on syllabus design and pedagogical grammar and builds on existing research into materials design It will be of interest to researchers and professionals working in the fields of applied linguistics pedagogical grammar curriculum design and materials design

General English for University Students Arief Eko Priyo Atmojo,2021-04-15 General English for University Students is a book which helps to learn General English or Basic English for non English Department Major students at university level This book comprises six units which start from Hello World to Daily Routines It can be used for 12 until 14 meetings in a semester Furthermore each unit can be taught for 2 until 3 meetings It is because each unit comprises many sub units including objectives reading vocabulary grammar focus writing exercise and speaking This book is designed to be more practical rather than theoretical There are several reading texts for each unit The reading texts have been adapted to Indonesian culture and norms There are also many exercises to deepen students knowledge and skills Useful phrases meaningful words and grammar focus are provided to maximize students

language input In addition writing and speaking are available to train students productive skills Finally the author hopes that this book can bring many advantages for lecturers and students especially Transcultural Communication Through Global Englishes Will Baker,Tomokazu Ishikawa,2021-06-28 This textbook introduces current thinking on English as a global language and explores its role in intercultural and transcultural communication It covers how English functions as a lingua franca in multilingual scenarios alongside other languages in a wide variety of global settings and the fluid and dynamic links between English other languages and cultural identities and references The implications for English language teaching ELT academia business and digital communication are explored Contemporary research and theory are presented in an accessible manner illustrated with examples from current research and supported with discussions and tasks to enable students to relate these ideas to their own experiences needs and interests Each chapter contains activities to help students orientate towards the topic reflect on personal experiences and opinions and check their understanding Additionally a detailed glossary of key terminology in Global Englishes and Intercultural Communication is provided Exploring in depth the links between Global Englishes Intercultural Communication research and Transcultural Communication research this is key reading for all advanced students and researchers in Global or World Englishes English as a Lingua Franca ELF and Intercultural Communication *Conceptual Shifts and Contextualized Practices in Education for Glocal Interaction* Ali Fuad Selvi,Nathanael Rudolph,2017-11-03 This book employs the realm of English Language Teaching ELT as a discursive point of departure to explore how individuals groups entities and institutions apprehend embrace deal with manipulate problematize and resist glocal flows of people ideas information goods and technology It apprehends and attends to tensions arising from the fluidly local global construction and negotiation of borders of identity and interaction within a diverse array of contexts and English education therein These tensions whether conceptual or pedagogical may arise in and through governmental and institutional policymaking teacher training or curriculum and materials development and in the learning experience both within and beyond the classroom as teachers and students engage with course content and each other **UPRT 2017**

Magdolna Lehmann,Réka Lugossy,,Marianne Nikolov,Gábor Szabó,2019-03-04 A collection of studies in applied linguistics

Computer-Assisted Language Learning: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources,2019-01-04 In a diverse society the ability to cross communication barriers is critical to the success of any individual personally professionally and academically With the constant acceleration of course programs and technology educators are continually being challenged to develop and implement creative methods for engaging English speaking and non English speaking learners Computer Assisted Language Learning Concepts Methodologies Tools and Applications is a vital reference source that examines the relationship between language education and technology and the potential for curriculum enhancements through the use of mobile technologies flipped instruction and language learning software This multi volume book is geared toward educators researchers academics linguists and upper level students

seeking relevant research on the improvement of language education through the use of technology **New Perspectives on CALL for Second Language Classrooms** Sandra Fotos, Charles M. Browne, 2013-06-17 This practical handbook is designed to help language teachers teacher trainers and students learn more about their options for using computer assisted language learning CALL and develop an understanding of the theory and research supporting these options The chapters in New Perspectives on CALL for Second Language Classrooms synthesize previous CALL theory and research and describe practical applications to both second and foreign language classrooms including procedures for evaluating these applications The implementation of CALL at the institutional level is also addressed with attention to designing multimedia language laboratories and creating collaborative CALL based projects between educational institutions Although many chapters locate their descriptions of CALL activities and projects within the ESL EFL setting the principles and activities described are equally useful for other language settings The book does not require prior knowledge of CALL computers or software To assist readers a glossary of CALL terms and an appendix of CALL Web sites are provided The book also has its own accompanying Web site <http://www.era.com/callforL2classrooms> presenting chapter abstracts author contact information and regularly updated links to pedagogical research and teacher development sites By integrating theoretical issues research findings and practical guidelines on different aspects of CALL this book offers teachers multiple levels of resources for their own professional development for needs based creation of specific CALL activities for curriculum design and for implementation of institutional and inter institutional CALL projects **The Effect of Instructional Reading Software on**

Language Teaching Textbooks N. Harwood, 2013-11-29 English language teaching textbooks or coursebooks play a central role in the life of a classroom This edited volume contains research informed chapters focusing on analysis of textbook content how textbooks are used in the classroom and textbook writers accounts of the materials writing design and publishing process **The Handbook of Language Teaching** Michael H. Long, Catherine J. Doughty, 2011-07-05 Bringing together an international and interdisciplinary team of contributors this Handbook is a wide ranging and invaluable reference guide to language teaching A comprehensive reference work on language teaching which combines the latest research findings coverage of core topics and examples of teaching experience from a variety of languages and settings Provides a unique breadth of coverage including the psycholinguistic underpinnings of language learning social political and educational contexts program design materials writing and course design teaching and testing teacher education and assessment and evaluation Offers a balanced evaluation of the major positions and approaches including examining the

increasingly important social and political context of language teaching Written by an international and interdisciplinary group of authors from a dozen different countries English is only one of the many languages used as examples throughout the volume

Teaching and Learning the English Language Richard Badger, 2018-02-22 Teaching and Learning the English Language is a practical guide for anyone seeking to improve their teaching whether through formal study or on their own Richard Badger explores teaching English as a problem solving activity in which teachers must address three fundamental questions what aspect of language do students need to learn how might they learn this particular aspect of language and how can teachers support their learning Offering a solid research based approach along with sound practical advice this book equips teachers with skills needed to analyse their own contexts and develop their practice It covers Fundamentals of English language Psychological and social learning processes TESOL teaching methods and approaches Lesson planning and classroom management Language evaluation and assessment Teaching pronunciation spelling grammar vocabulary and discourse Teaching listening reading writing and speaking English teacher professional development Pedagogical features include chapter summaries activities for students and key readings recommendations and the book is also supported by online resources video case studies additional exercises and multiple choice quizzes Including numerous international lesson examples and case studies Teaching and Learning English Language is suitable for both trainee and practising teachers who speak English as a first second or foreign language

Culture and Identity through English as a Lingua Franca Will Baker, 2015-07-01 The use of English as a global lingua franca has given rise to new challenges and approaches in our understanding of language and communication One area where ELF English as a lingua franca studies both from an empirical and theoretical orientation have the potential for significant developments is in our understanding of the relationships between language culture and identity ELF challenges traditional assumptions concerning the purported inexorable link between a language and a culture Due to the multitude of users and contexts of ELF communication the supposed language culture and identity correlation often conceived at the national level appears simplistic and naive However it is equally naive to assume that ELF is a culturally and identity neutral form of communication All communication involves participants purposes contexts and histories none of which are neutral Thus we need new approaches to understanding the relationship between language culture and identity which are able to account for the multifarious and dynamic nature of ELF communication

UPRT 2008: Empirical Studies in English Applied Linguistics, The Routledge Handbook of Materials Development for Language Teaching Julie Norton, Heather Buchanan, 2022-03-16 The Routledge Handbook of Materials Development for Language Teaching is the definitive resource for all working in this area of language and English language teaching With 34 chapters authored by leading figures from around the world the Handbook provides an historical overview of the development of language teaching materials critical discussion of core issues and an assessment of future directions The contributions represent a range of different international contexts

providing insightful state of the art coverage of the field Structured in nine sections the Handbook covers changes and developments in language teaching materials controversial issues in materials development research and materials development materials for language learning and skills development materials evaluation and adaptation materials for specific contexts materials development and technology developing materials for publication professional development and materials writing Demonstrating throughout the dynamic relationship between theory and practice this accessible Handbook is essential reading for researchers scholars and students on MA programmes in ELT TESOL and applied linguistics
