 Almeida,2020-02-25 Color is an essential factor in design considering that it has a significant impact on the performance of
 the brand s communication marketing and sales The color should not be chosen just because we like it or because we think it
 looks good since these are subjective values There must be research on their meanings and associations always remembering
 that they depend on cultural perceptions and that it is therefore important to know the audience we are working for We often
 face the situation of not knowing which colors to choose for each of our designs due to the lack of knowledge about color
 theory and psychology Unfortunately the internet is full of inaccurate information Still in this e book we have addressed
 these topics correctly so the color selection process for each of your projects become an easy task **Pantone Color
