Statebuilding and State Formation in the Western Pacific Matthew Allen, Sinclair Dinnen, 2018-04-19 This book provides a rigorous and cross disciplinary analysis of this Melanesian nation at a critical juncture in its post colonial and post conflict history with contributions from leading scholars of Solomon Islands The notion of transition as used to describe the recent drawdown of the decade long Regional Assistance Mission to Solomon Islands RAMSI provides a departure point for considering other transformations social political and economic under way in the archipelagic nation Organised around a central tension between change and continuity two of the book s key themes are the contested narratives of changing state society relations and the changing social relations around land and natural resources engendered by ongoing processes of globalisation and urbanisation Drawing heuristically on RAMSI s genesis in the state building moment that dominated international relations during the first decade of this century the book also examines the critical distinction between state building and state formation in the Solomon Islands context It engages with global scholarly and policy debates on issues such as peacebuilding state building legal pluralism hybrid governance globalisation urbanisation and the governance of natural resources These themes resonate well beyond Solomon Islands and Melanesia and the book will be of interest to a wide range of students scholars and development practitioners This book was previously published as a special issue of The Journal of Pacific History

Civil War and State Formation Felix Gerdes, 2013-05-16 Nach dem langen B rgerkrieg der 1990er Jahre galt Liberia unter der Pr sidentschaft des Warlords Charles Taylor vielen Beobachtern als gescheiterter Staat Seit der Macht bernahme durch Ellen Johnson Sirleaf im Jahr 2006 wird die Landesentwicklung weithin als Erfolgsgeschichte bewertet Felix Gerdes zeigt welche strukturellen nderungen zu diesem

Wandel und damit zur relativen Stabilisierung führten. Seine Analysen machen deutlich, dass die liberianischen Kriege gerade nicht die Zerstörung des Staates bedeuteten, sondern als Teil des Prozesses der Staatsbildung zu verstehen sind. Die Betrachtungen der Kontinuitäten und Brüche der politischen Verfasstheit Liberias ermöglichen eine fundierte Bewertung der anhaltenden strukturellen Probleme der Nachkriegsordnung.

The EU in Southeast Asian Security Ronja

Scheler, 2020-12-29 This book revealingly traces the ways in which third party perceptions of an international actor affect its agency in global affairs by using the example of the European Union's engagement in Southeast Asian non-traditional security. Utilizing an innovative analytical framework emphasising the intersubjective nature of international actorness, it provides novel insights into cooperation between the EU and the Association of Southeast Asian Nations (ASEAN). The book covers fields such as counter-terrorism, disaster management or maritime security affairs and emphasises the role that ASEAN's perceptions of the EU play in them. Based on rich empirical data gained from multiple interviews in Europe and Southeast Asia, the author uncovers the missing link between external perceptions of the EU and their impact on joint EU-ASEAN endeavours in non-traditional security fields. The book concludes by making some concrete recommendations to policy makers engaged in EU external relations and reminds us that the other and its domestic context might be even more important in thinking about international affairs than acknowledged thus far. This book is of key interest to scholars, practitioners and students of EU foreign policy, EU-ASEAN affairs, EU-Asia relations and more broadly of EU studies, International Relations, regionalism and interregionalism as well as security studies.
