On Record Schalk van der Merwe, 2017-07-12 Popular Afrikaans music artists have done well in post apartheid South Africa and enjoy the enthusiastic support of loyal fans This support is fuelled by a complex set of emotions linked to being Afrikaans in a culturally pluralistic society In *On Record* van der Merwe investigates the interplay between popular music and the unfolding of Afrikaans culture politics from the start of the twentieth century to the present It includes a search for the earliest recorded Afrikaans songs and documents subsequent phases of music development that reflect the agency of ordinary individuals artists and listeners against a background of fundamental societal and political change It regards both the music mainstream and the alternative and reveals among other things historical cases of compliance and resistance regarding the master narrative of Afrikaner nationalist ideology the attempts by cultural entrepreneurs to establish authority over popular Afrikaans culture class tension lasting racial exclusivity protest and censorship and the post apartheid invocation of Afrikaner nostalgia and white victimhood Ultimately *On Record* provides an uninterrupted account and a critique of the entire history of recorded popular Afrikaans music up to the present Rethinking Verb Second Rebecca Woods, Sam Wolfe, 2020 This book offers the most exhaustive and comprehensive treatment available of the Verb Second property It includes formal theoretical work alongside psycholinguistic and language acquisition studies examines data from a range of languages and shows that V2 phenomena are much more widely attested cross linguistically than previously thought **Collective Ijtihad** Hossam Sabry Othman, 2024-03-28 THE CONTEMPORARY postnormal world is posing for Muslims ever strange ethical financial and medical dilemmas for which modern jurists are expected to provide a suitable theological response Yet even with an encyclopedic knowledge of Islamic law the task facing them is daunting In the real world this level of complexity has led to chaos in fatwa issuance with many scholars voicing concern at the direction to which things are moving and calling for the process to be regulated This book critiques fatwa issuance in the modern context and calls for application of a synthesized approach using the mechanism of collective ijtihad to formulate rulings and overcome current weaknesses It carefully examines central juristic concepts and puts forward consultative ijtihad as a viable alternative to the controversial classical ijma approach which may be difficult to realize in the contemporary world The author argues that fatwas become questionable when jurists out of their depth fail to grasp concepts which only engagement with specialists can fully elucidate or give way to top down financial and or political pressure from the executives of institutions employing them Matters are compounded by the face of fatwas having undergone a radical transformation in modern times with online programs and social media often a go to source for Muslims The author exposes the world of modern fatwa pronouncements packaged supplied and broadcast in a matter of minutes under a mentality of one fatwa fits all In a bid for much needed reform he calls for a reassessment of current institutional practices contending that Muslim societies need not be vulnerable to the demands of a media driven technocratic age with rapid shifts in ethical norms but that

in the interests of a healthy functioning society issue fatwas cognizant of the wider modern context specialist knowledge as well as the cultural diversity that exists in the common Ummatic identity

The Anglo-Boer War 1899-1902: 963 Days Pieter G Cloete, 2021-12-01 Since the start of the Anglo Boer War today 120 years ago thousands of publications written or typed reports and other creations have been produced to narrate the war events express opinions on its origins causes course results and legacy and on participants in the struggle This process is ongoing since the debate amongst both professional historians and interested amateurs on exactly what happened and why is still raging and new information on the war still crops up The history of the Anglo Boer War is truly a neverending discourse As the author of a number of books on the war I have consulted hundreds of both published and unpublished sources Some were of limited value but a small percentage of the published books were of such high value that they formed part of a small stack of books that found a permanent home on my desktop while I was in the writing process Pieter Cloete's The Anglo Boer War A Chronology both the original English version and the enlarged Afrikaans version published in 2010 was always part of that stack It is to me a privilege to write a foreword for the user friendly and meticulously researched book It not only contains a wealth of information but a detailed source list and an extensive index There are few if any more helpful reference books on the war and thus represents an essential resource to anyone with a more than superficial interest in the Anglo Boer War DR JACKIE GROBLER Historian and author Recently retired after 40 years at the Department of Historical and Heritage Studies The University of Pretoria
