

Criminal Justice Research on Police

The research evaluated in this report was generated during a relatively short but extraordinarily productive period of intellectual effort. Before publication of the report of the President's Commission on Law Enforcement and the Administration of Justice, *The Challenge of Crime in a Free Society* (Black and Reiss, 1967a), there was hardly any scientific research on the police. Today there is so much that scholars and police find it difficult to keep up, let alone to evaluate its qualitative merits and practical utility.

This chapter describes the scientific enterprise of police research that has developed since 1967—its scale, substantive coverage, methods, and the auspices under which it has been conducted. Special attention is paid to the body of research funded by the 1994 crime act in the final section. It is not an intellectual history of the field or a detailed portrait of its development, but rather a description of its scale and scope.¹

The research described here does not exhaust all that has been written about the police. We focused on studies that follow the scientific method, were subjected to peer review, and were publicly disseminated. Our assess-
