*Pierre-Laurent de Belloy, 'Le Siège de Calais'* Logan J. prizes from Louis XV accolades from the city of Calais and membership to the prestigious Académie française Since the French Revolution however the popularity of *Le Siège de Calais* has eclipsed owing to its overt glorification of France's royal machine Several hundred years later the play warrants a fresh look from a holistic perspective De Belloy's tragedy and the varied responses it provoked many of which are included in this edition offer complex representations of French political history and patriotic sentiment *Le Siège de Calais* reveals conflicting images of gender roles political debate and family values during the twilight of the Ancien régime it also constituted one of the last moments when serious drama asserted its role as a popular force    ***Revue des cours et conférences***,1895    ***La France dramatique au dix-neuvième siècle***,1841
